RIOT FACE SHIELD DETACHMENT KIT WITH CLEAR FACE SHIELD

This revolutionary face shield system has many distinctive features: a top rubber seal prevents seepage of liquids onto the wearer's face; a pivot-and-lock mechanism mounts to either side of the face shield allowing left- or right-hand operation; the shield locks up and down—and stays in place regardless of rigors of situations.

FEATURES:

- Designed for PASGT military helmets
- Shield made of Lexan®
- Meets NIJ0104.02
- Shield mounts quickly without tools
- Fits standard military-style and most police helmets
- Detachment kits include installation instructions
- Meets MIL-V-43511C fragmentation requirements
- Extra clearance for use over gas mask
- NSN 4240-01-430-1983
- Detachment kits come with face shield, helmet converter band and screw, spacer and bracket kit
