

## BIO-SHIELD® DECONTAMINATION SPRAY

Use Bio-Shield® Decontamination Spray for recovery and protection from accidental discharge, gas blowback and assault from OC Pepper and CN Tear Gas Sprays. Bio-Shield® is a non-toxic decontaminant that uses natural herbal ingredients to neutralize the effects of OC Pepper, CS, CN and other tear gas agents almost immediately. Its special formula breaks down the molecular structure of these man-made chemicals to quickly restore breathing, eyesight and physical orientation. Available in 4-oz. and 16-oz. pump spray bottles.

CAT. NO.	DESCRIPTION	PRICE
BSP4	4 OZ. PUMP SPRAY	\$9.95
BSP16	16 OZ. PUMP SPRAY	\$19.95

## BIOSHIELD® TOWELETTES

for relief from pepper spray and tear gas

BioShield® Towelettes contain the same natural ingredients as our BioShield® spray for neutralizing the effects of pepper spray (OC), CN and CS gases. It also contains an antibacterial agent for extra protection. BioShield® towelettes are individually sealed in easy-to-open pouches that are conveniently designed to fit in one's pocket. Towelettes unfold to a large 8" x 11" size so fewer towelettes are needed to decontaminate from blowback, accidental discharge and equipment cleanup. The BioShield® Towelettes are easy-to-use — just open and blot (do not wipe or rub) the affected areas of the face and body.

**IMPORTANT NOTE:** Unlike BioShield® Spray, towelettes are not for use directly in the eyes due to the antibacterial ingredient.

CAT. NO.	DESCRIPTION	PRICE
BST100	BIOSHIELD® TOWELETTES/100	\$99.95
BST50	BIOSHIELD® TOWELETTES/50	\$49.95

## BIOSHIELD® RIOT RESPONSE KIT

The BioShield® Riot Response Kit is designed to assist in the recovery from Pepper Spray and Tear Gas Exposure. It contains a pack of five BioShield® Decontamination Towelettes, a four-ounce bottle of BioShield® Spray, a pair of gloves and a disposable face mask for responder protection inside a first-aid style plastic carrying case.

CAT. NO.	DESCRIPTION	PRICE
