

# S.W.A.T.

High risk warrants, narcotic raids and various critical incidents require fast and non-obtrusive response vehicles. Sirchie has addressed this growing need with a line of specially equipped Tactical Vans and SUV's.

*Bench seating, rubberized no-slip flooring, secure weapon locks and tactical red/white lighting.*

SUV's with a standard "Patrol" vehicle look can be equipped with tailored storage cabinets that house a wide range of tactical equipment. Full-size SUV's (as shown right) offer increased capacity and versatility for special operations. Contact our design staff for custom layouts to meet your requirements.

## Raid/Jump Van

Heavy-duty, one ton vans available in four wheel drive and with optional bumper mounted winch, this vehicle can be utilized to transport an entry team and their weapons to any location, regardless of road condition. The vehicle includes Sirchie fabricated heavy-duty running boards and roof mounted, stainless steel handrails to support personnel with tactical gear.

*Heavy-duty gun racks ▶*

## Sport Utility

Alternate Floor Plans & Chassis available.  
Call for detailed specifications, color brochure & pricing.

## Forward Control

High visibility, Ford and Freightliner Forward Control Model Units available to house and transport S.W.A.T./Incident Response Teams. Interior weapon and tactical gear storage, as well as team seating, are custom designed around personnel and equipment. Available in floor plans ranging from 16-24+ ft. (5-7m+) length working areas, these units can also be equipped to act as a secondary command post.

## SWAT 5500 Series

Chevrolet Commercial Cutaway Models that provide the driving comfort of a factory cab and the same storage ability of our Forward Control Models. Available with work areas of up to 20 ft. (6m) and GVWR ratings of 22,000 lbs. (10Mg).

Equipment cabinets in either lockable or non-lockable versions. Steel frame construction to support the weight of munitions and tactical gear.
