

MSDS - Material Safety Data Sheet**Product Name: Invisible Skin Marking Ink**

MSDS No.: UV743/L

I. Basic Information:**Manufacturer:** Sirchie Finger Print Laboratories**Address:** 100 Hunter Place**City, ST Zip:** Youngsville, NC 27596**Emergency Contact:** ChemTrec**Emergency Telephone Number:** 800-424-9300**Contact:** Tech Support**Information Telephone Number:** 919-554-2244**Last Update:** 02/02/2011**Expiration Date:****Chemical State:** Liquid Gas Solid**Chemical Type:** Pure Mixture

1	Health
4	Flammability
1	Reactivity
H	Pers. Protection

II. Ingredients: Trade Secret

CAS No.	Chemical Name	% Range	EHS		IARC		SARA		OSHA PEL	ACGIH TLV	Other Limits
			NTP		SUB Z	313					
27344065	Fluorescent Brightner	<5									
67561	Methanol	>95					X	200 ppm	200 ppm	53.6 F	

III. Hazardous Identification:**Hazard Category:** Acute Chronic Fire Pressure Reactive**Hazardous Identification Information:**

FLAMMABLE! May be fatal or cause blindness if ingested. Harmful if inhaled. May cause respiratory and digestive tract irritation. Eye irritant. May cause central nervous system depression. May cause liver and kidney damage. May cause adverse reproductive and fetal effects based on animal testing.

This material is subject to the reporting requirements of Section 313 of SARA Title III and 40 CFR Part 373.

IV. First Aid Measures:**Route(s) of Entry:**

Inhalation, ingestion, skin, eyes

Health Hazards (Acute and Chronic):

Chronic: Dermatitis

Signs and Symptoms:

Inhalation: Headache, convulsions, death

Ingestion: Excitement, headache, dizziness, drowsiness, nausea, collapse, unconsciousness, coma, death due to respiratory failure

Medical Conditions Generally Aggravated by Exposure:

Skin, lung, eye, central nervous system, kidney, liver diseases

MSDS - Material Safety Data Sheet

Product Name: Invisible Skin Marking Ink

MSDS No.: UV743/L

Emergency and First Aid Procedures:

Inhalation: Remove to fresh air immediately. If not breathing, give artificial respiration. If breathing is difficult, give oxygen (To be administered by qualified medical personnel only!) Get medical attention.

Ingestion: If victim is conscious and alert, give 2-4 cups of milk or water. (Never give anything by mouth to an unconscious person!) Induce vomiting. Get medical attention immediately.

Skin: Flush skin with plenty of soap and water for at least 15 minutes. Remove contaminated clothing. Seek medical attention if condition warrants.

Eyes: Flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower lids. Do not allow victim to rub or keep eyes closed. Get medical aid immediately.

Notes to physician: Effects may be delayed. Ethanol may inhibit metabolism.

Other Health Warnings:

V. Fire Fighting Measures:

Flash Point: 53.6 F

Lower Explosive Limit: 6.00 vol%

Upper Explosive Limit: 31.00 vol%

F.P. Method:

Fire Extinguishing Media: Dry chemical, carbon dioxide, water spray, alcohol-resistant foam

Special Fire Fighting Procedures:

Wear self-contained breathing apparatus and protective clothing. Water may be ineffective, but may be used to cool fire-exposed containers.

Unusual Fire and Explosion:

Containers may build up pressure when exposed to heat or fire. Vapors from this product may travel some distance from original point to an ignition source and flash back.

"Empty" containers may contain product residue and may be dangerous. Empty containers should be completely drained and bunged and then disposed of according to local, state, and federal regulations.

VI. Accidental Release Measures:

Steps to be Taken in Case Material is Released or Spilled:

Wear vapor respirator, safety goggles, and rubber gloves. Remove sources of ignition (i.e. open flames, sparks). Dike if necessary. Soak up with absorbent material (earth, sand, or vermiculite recommended; do not use flammable substances such as sawdust). Scoop up with a non-sparking tool. Ventilate and wash spill site after collection. Dispose according to local, state, and federal regulations.

VII. Handling and Storage:

Precautions to be Taken:

Keep in closed container. Keep cool and dry. Avoid all ignition sources (heat, open flame, spark). Avoid incompatible materials. Use only in well-ventilated areas. Avoid contact with skin and eyes. Avoid inhalation and ingestion. Wash thoroughly after handling.

Other Precautions:

"Empty" containers may contain product residue and may be dangerous. Empty containers should be completely drained and bunged and then disposed of according to local, state, and federal regulations.

MSDS - Material Safety Data Sheet

Product Name: Invisible Skin Marking Ink

MSDS No.: UV743/L

VIII. Exposure Controls/Personal Protection:

Ventilation Requirements:

Use only in well-ventilated areas.

Personal Protective Equipment:

Safety goggles, gloves (butyl rubber, PVC, neoprene), vapor respirator, protective clothing

IX. Physical and Chemical Properties:

Boiling Point: 64.7 C

Melting Point: -98 C

Evaporation Rate (Butyl Acetate = 1): 5.2

Vapor Pressure (mm Hg.): 96

Specific Gravity (H₂O = 1):

Vapor Density (AIR = 1): 1.1

Solubility In Water: Miscible

Appearance and Odor: Pale yellow liquid; solvent odor

Other Information:

X. Stability and Reactivity:

Stability:

Stable at room temperature in closed containers under normal storage and handling conditions.

Incompatibility (Materials to Avoid):

Ignition sources (heat, open flame, spark), oxidants, active metals, acetyl bromide, alkyl aluminum salts, beryllium dihydride, carbon tetrachloride + metals, chloroform + heat, chloroform + sodium hydroxide, cyanuric chloride, diethyl zinc, potassium tertbutoxide. See NFPA Fire Protection Guide for all methanol incompatibility specifics.

Decomposition/By Products:

Oxides of carbon, nitrogen, and sulfur; formaldehyde (carcinogen)

Hazardous Polymerization:

Has not been reported.

XI. Toxicological Information:

May be fatal or cause blindness if ingested. Harmful if inhaled. May cause central nervous system depression. May cause liver and kidney damage. May cause adverse reproductive and fetal effects based on animal testing.

XII. Ecological Information:

Prevent from entering sewers or waterways. May be toxic to some aquatic life.

XIII. Disposal Considerations:

Dispose according to local, state, and federal regulations.

Methanol

RCRA U-Series: waste no. U154 (Ignitable waste)

This material is banned from land disposal according to RCRA.

MSDS - Material Safety Data Sheet

Product Name: Invisible Skin Marking Ink

MSDS No.: UV743/L

XIV. Transport Information:

Keep in closed container. Keep cool and dry. Avoid all ignition sources (heat, open flame, spark). Avoid incompatible materials. Avoid contact with skin and eyes. Avoid inhalation and ingestion. Wash thoroughly after handling.

IATA

Shipping name: Alcohols, N.O.S. (MS)

Hazard class: 3

UN no.: 1987

Packing group: II

Flammable liquid!

XV. Regulatory Information:

Methanol is listed on the TSCA inventory.

Methanol is listed as a hazardous air pollutant (HAP) under the Clean Air Act.

This material is subject to the reporting requirements of Section 313 of SARA Title III and 40 CFR Part 373.

XVI. Other Information:

This Material Safety Data Sheet identifies Methyl alcohol as a component and gives considerable information concerning the adverse health and safety concerns associated with Methyl alcohol. Methyl alcohol is flammable and can cause adverse health reactions if ingested. However, if reasonable safety precautions are followed and this product is used as intended--the marking of skin with a solution using Methyl alcohol as a solvent will not cause adverse health effect to the general population.
