

Personal Protection

Personal Protection in the Field and in the Laboratory

Investigators encounter conditions at crime scenes that are often unknown, easily destroyed, or dangerous. Department protocols usually include the use of personal protective equipment to keep law enforcement safe and to preserve the integrity of the scene and evidence. We offer a full line of protective wear:

- Masks and respirators
- Body suits
- Disposable gloves
- Eye protection
- Shoe covers

For the utmost protection, we also offer hazardous item identification, disposal tools, and products for safe cleanup.

Evidence Collection Course

Law Enforcement Professionals operate in an increasingly complex environment where budgets are tight, crime scenes are complicated, and the public expects investigations to lead quickly to justice. Our popular Evidence Collection Accelerated Training Class gives you hands-on experience in limited class sizes covering the scientific methods of collection, identification, evaluation, and preservation of physical evidence. Our students love the teach-do method of instruction and take their knowledge back to the field as lifelong Sirchie graduates.

Masks, Respirators, and Facial Protection

Half Mask Particulate Respirators

This is an all-around good mask for investigators and something to always have on hand before entering a crime scene. Different filters can provide different levels of protection:

- Get protection against particulate and airborne pathogens with the High-Efficiency P100 filter.
- Get protection against dust, mists and fumes with the R95 filter.

No. SF0034H	Half Mask w/(5 ea.) P100 Filters
No. SF0034D	Half Mask w/(5 ea.) R95 Filters
No. SF0034HR	Replacement P100 Filters, 25 ea.
No. SF0034DR	Replacement R95 Filters, 25 ea.

Multi-Purpose Half Mask Regulator

This versatile mask is comfortable and useful for many different situations with three filter choices. Soft silicone fits around the nose while hard plastic ensures a leak-resistant fit. Filters will protect the wearer from almost all decaying matter and hazardous vapors.

No. PU0010	Multi-Purpose Half Mask
No. PU0011	Organic Vapor/Acid Gas Filters, 2 ea.
No. PU0012	P100 Filters (99.7% or airborne particles), 2 ea.
No. PU0013	Organic Vapor/ P100 Filters, 2 ea.

Anti-Putrefaction Mask Kits

Designed to eliminate the overwhelming odor from a decaying body. Investigators can go about the job of investigating, fingerprinting, and photographing – no matter the state of decomposition.

Features include:

- Low-maintenance, reusable, and made to fit almost any head size
- Chemically treated filter, NIOSH/MSHA approved for organic vapors, chlorine , hydrogen chloride, chlorine dioxide, and sulfur dioxide
- Kits offered with one or two masks

PU001B
Single Mask Kit

PU003B
Double Mask Kit

Anti-Odor Mask w/Comfort Valve

The multi-layer, high-performance filter material offers a superior level of filtration against nuisance organic vapor odors. Its ergonomic shape and nose pad provide additional sealing protection for various facial shapes and features an extra wide nose sealing pad. Its climate control comfort valve reduces breathing resistance. The continuous looped harness comes with a unique strap tension adjuster for user comfort. NIOSH Approved: N95—at least 95% filtration efficiency against solid and liquid aerosols that do not contain oil.

No. SF0074 Anti-Odor Mask With Comfort Valve, 1 ea.

Dust Respirator/Mask

The multi-layer, high-performance filter material offers a superior level of filtration efficiency. Its ergonomic shape and nose pad provide additional sealing protection for various facial shapes and features an extra wide nose sealing pad. The continuous looped harness comes with a unique strap tension adjuster for user comfort. NIOSH Approved: N95—at least 95% filtration efficiency against solid and liquid aerosols that do not contain oil.

No. DRM001 Dust Respirator/Mask, 20 ea.

Respirator w/Comfort Valve

The multi-layer, high-performance filter material offers a superior level of filtration efficiency. Its ergonomic shape and nose pad provide additional sealing protection for various facial shapes and features an extra wide nose sealing pad. Its climate control comfort valve reduces breathing resistance. The continuous looped harness comes with a unique strap tension adjuster for user comfort. NIOSH Approved: N95—at least 95% filtration efficiency against solid and liquid aerosols that do not contain oil.

No. DRMV100 Respirator with Comfort Valve, 10 ea.

KN95 Disposable Filter Masks

Because the Coronavirus pandemic has caused worldwide shortages of N95 respirator masks, the FDA and CDC have both approved the use of KN95 masks as crisis alternatives. Sold in packs of 50.

No. SFM100K95 KN95 Disposable Filter Masks, 50 ea.

Disposable Surgical Masks

These hospital-type surgical masks create a loose-fitting physical barrier between the mouth and nose of the wearer and potential contaminants within the immediate area.

If worn correctly, these single-use surgical masks are meant to help block larger-particle droplets that may contain viruses or bacteria from reaching the mouth and nose. Disposable: meant for single use only. Sold in packs of 50 each, and cases of 500 each.

No. SFM100S Disposable Surgical masks, 50 ea.

No. SFM100SB Disposable Surgical Masks, 500 ea.

Disposable N99 Filter Mask

These N99 respirator masks filter out 99.5% of particles greater than 0.3 microns, and feature adjustable elastic straps, a face seal on the bridge of the nose, and an exhalation valve. Sold 1 each.

No. SF00N99 Dispoable N99 Filter Mask, 1 ea.

Disposable P100 Respirator Mask

This Respirator offers the highest level of NIOSH rated filtration efficiency in a maintenance-free respirator. It features a 3M™ Cool Flow™ Exhalation Valve, a faceseal, adjustable noseclip, lightweight construction and an all filter design. Sold individually. Meets 42 CFR84 standard.

No. NARK300P100R Disposable P100 Respirator Mask, 1 ea.

Tychem® Coverall Jumpsuits

These jumpsuits are specified routinely for Crime Scene Investigators where hazardous materials must be handled. Manufactured from DuPont’s rugged Tychem material that has been “quality coated” with 1.25 mils of polyethylene, providing coveralls that meet Level B protection against accidental spills, sprays or splashes of acids or bases as well as many other chemicals, including those that may be present in clandestine drug labs or fire scenes where accelerants may have been used. All seams are sewn and bound using a chain stitch that provides increased holdout of liquids and dry particulates. The Style TYV300 offers coveralls with collar, zipper, elastic wrist closure and sewn and bound seams.

No. TYV300M	Coverall w/collar & zipper, Md

Biohazard Evidence

Disposable Biohazard Bags

Crime scenes and lab procedures require proper disposal of hazardous materials with the appropriate biohazard bags. Our bags are easily identified by their orange-red color and biohazard symbols. Always dispose of any hazardous waste according to federal, state, and local regulations. Available in a 24" x 24" or a larger 30 ½" x 41" bag.

No. BDB2424	Disposable Biohazard Bags, 24" x 24", 500 ea.
No. BDB3041	Disposable Biohazard Bags, 30 1/2" x 41", 250 ea.

Biohazard Adhesive-Back Bags

These bags come with a self-adhesive back so they can be attached to many surfaces for hanging. Use the 9" x 10" for disposing of smaller items such as soiled gloves or bloody shoe covers. They also have a self-adhesive flap for sealing the bag when finished. Always dispose of any hazardous waste according to federal, state and local regulations. BIO910C is offered in sets of 100.

Bags can be attached to vertical surfaces with adhesive backing for insertion of biohazardous material. Fold over backing to seal bag.

No. BIO910C	Biohazard Adhesive Bags, 9" x 10", 100 ea.

No. HDB6DOD Heavy Duty Body Bag (18 mil), 38" x 94", 1 ea.

Evidence Collection Tubes

In today's society, exposure to AIDS/HIV, Hepatitis B, and other blood-borne diseases is a serious problem. Use collection tubes to protect all evidence collection personnel.

Evidence Collection Tubes

Our tubes come in two sizes: our smaller tube has a stopper to immobilize sharp objects, such as syringes. The larger tube is the perfect size for knives or multiple syringes and has stoppers to protect against sharp ends.

Often Bought Together:
Biohazard Label, 1" x 1 ¼"
(KCP296C)

No. ECT1 Evidence Collection Tube, 1 5⁄16" x 8", 12 ea.

No. ECT3 Evidence Collection Tube, 3" x 12", 8 ea.

Sharpstube Syringe Transport Tubes

Designed to hold a hypodermic syringe for transportation, these tubes are well-marked with bright international biohazard markings. One end of the tube contains a sealing material that will immobilize the syringe and prevent needle leakage.

No. ECT2 Syringe Transport Tube, 1" x 8", 12 ea.

Telescopic Evidence Collection Tubes

These tubes feature a telescopic length extension. All tubes are made from translucent polypropylene except for ECT4 which is clear PVC. Notches on the internal tube allow for telescopic expansion to fit contained evidence. A twist-lock mechanism on the round tubes retains the extended position while the hexagon end prevents rolling.

No. ECT4 Twist Tube, 4 3⁄4" x 7 7⁄8", 1.3" dia., 12 ea.

No. ECT5 Twist Tube, 7 1⁄8" x 13 3⁄4", 2" dia., 12 ea.

No. ECT6 Twist Tube, 13 3⁄4" x 24 3⁄8", 2.5" dia., 12 ea.

Cleaners and Sanitizers

It's extremely important for law enforcement, public safety professionals, and forensic scientists to disinfect and sanitize their hands, their tools, and materials consistently. We offer several options to meet your department needs.

Sanizide Plus Disinfectant Cleaner

Ready-to-use, hard surface cleaner protects against HIV-1 and HBV.

No. DC32 SaniZide Plus, 32 oz.

No. DC128 SaniZide Plus, 1 gal.

Antimicrobial Hand Wipes

Created with 66.5% ethyl-alcohol and meets CDC, APIC, and OSHA standards for hand-washing. Available in convenient mini pouches and can remove debris from hands and fingernails when soap and water are unavailable.

No. AMW100 Antimicrobial Wipes, 5" x 8", 100 ea.

Saniwash Antimicrobial Handwash

A must-have for investigators: a perfect hand cleaner to use before, during, and after handling all types of evidence. Help reduce the risk of cross contamination.

No. AH16 Saniwash, 16 oz.

No. AH128 Saniwash, 1 gal.

Antiseptic Bio-Hand Cleaner

This waterless hand sanitizer kills 99.9% of germs. Evaporates quickly and completely with no rinsing required.

No. ABC4 Antiseptic Bio-Hand Cleaner, 4 oz.

No. ABC16 Antiseptic Bio-Hand Cleaner, 16 oz.

Sirchitize Liquid Hand Sanitizer

Sirchitize is a Isopropyl Alcohol-based liquid hand sanitizer (not a gel) used for cleaning the hands. It's made using the WHO recommended formulation and is fragrance and dye free. Sold in a 4 fl oz. bottle or gallon-sized jug.

No. HS04 Sirchitize Liquid Hand Sanitizer, 4 oz.

No. HS128 Sirchitize Liquid Hand Sanitizer, 128 oz.

ClearGear™ Cleaner Spray

Stay safe with this disinfecting and deodorizing spray. It kills MRSA, Staph, Strep and eliminates odors on Gear such as vests, tactical gear, and body armor, as well as in correctional facilities, training centers, squad cars and vehicles.

No. CG1219004 ClearGear Cleaner Spray, 4 oz. bottle

No. CG1219008 ClearGear Cleaner Spray, 8 oz. bottle

No. CG1219128 ClearGear Cleaner Spray, 1 gallon
