

Personal Protection

Personal Protection in the Field and in the Laboratory

Investigators encounter conditions at crime scenes that are often unknown, easily destroyed, or worse, dangerous. Department protocols usually include the use of personal protective equipment to keep law enforcement safe and to preserve the integrity of the scene and evidence. We offer a full line of protective wear:

- Masks and respirators
- Body suits
- Disposable gloves
- Eye protection
- Shoe covers

For the utmost protection, we also offer hazardous item identification, disposal tools, and products for safe cleanup.

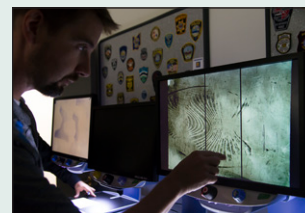

Handle, package & transport illicit substances safely

See page 36 for our new NARKsafe™ PPE Kit

Evidence Collection Course

Our popular Evidence Collection Accelerated Training Class gives you hands-on experience in limited class sizes covering the scientific methods of collection, identification, evaluation, and preservation of physical evidence. Our students love the teach-do method of instruction and take their knowledge back to the field as lifelong Sirchie graduates.

For more information about this and all other training courses, visit www.sirchie.com or call us at (800) 356-7311.

Masks, Respirators, and Facial Protection

Half Mask Particulate Respirators

This is an all-around good mask for investigators and something to always have on hand before entering a crime scene. Different filters can provide different levels of protection:

- Get protection against particulate and airborne pathogens with the High-Efficiency P100 filter.
- Get protection against dust, mists and fumes with the R95 filter.

Often bought with:
P100 Filters, 25 ea.
(SF0034HR),
R95 Filters, 25 ea.
(SF0034DR)

No. SF0034H

Half Mask w/(5 ea.) P100 Filters

No. SF0034D

Half Mask w/(5 ea.) R95 Filters

Multi-Purpose Half Mask Regulator

This versatile mask is comfortable and useful for many different situations with three filter choices. Soft silicone fits around the nose while hard plastic ensures a leak-resistant fit. Filters will get rid of almost all decaying matter and hazardous vapors.

NARKsafe™ PPE Kits

NARKsafe™ Single-Use Powder Substance Packaging, Transport, Testing Kit

Any powdery substance encountered on the street should be considered dangerous. Law enforcement needs to proceed with caution while handling, transporting, and testing these substances.

Following DEA and CDC guidelines, we developed this one-time use PPE Kit to be used specifically around powdery substances that could contain fentanyl, carfentanyl, or other powerful opioid-based substances.

Kit contains: coveralls; P-100 respirator; two pair of nitrile gloves; goggles; evidence bag; a biohazard bag; and donning/doffing instruction card.

Biohazard Evidence

Disposable Biohazard Bags

Crime scenes and lab procedures require proper disposal of hazardous materials with the appropriate biohazard bags. Our bags are easily identified by their orange-red color and biohazard symbols. Always dispose of any hazardous waste according to federal, state, and local regulations. Available in a 24" x 24" or a larger 30 1/2" x 41" bag.

No. BDB2424	Disposable Biohazard Bags, 24" x 24", 500 ea.
No. BDB3041	Disposable Biohazard Bags, 30 1/2" x 41", 250 ea.

Biohazard Adhesive-Back Bags

These bags feature a useful self-adhesive back for sealing the bag when finished or hanging the bag as you collect materials.

No. BIO910C	Biohazard Adhesive Bags, 9" x 10", 100 ea.
--------------------	---

Disaster Body Bags

They are a necessity at violent crime scenes, accidents, and disasters. Extremely sturdy and made from Tyvek® for the removal and storage of cadavers.

No. DBB200	Disaster Body Bags, 48" x 96", 1 ea.
-------------------	---

Evidence Collection Tubes

In today's society, exposure to AIDS/HIV, Hepatitis B, and other blood-borne diseases is a serious problem. Use collection tubes to protect all evidence collection personnel.

Evidence Collection Tubes

Our tubes come in two sizes: our smaller tube has a stopper to immobilize sharp objects, such as syringes. The larger tube is the perfect size for knives or multiple syringes and has stoppers to protect against sharp ends.

Often bought with:
Biohazard Label, 1" x 1 1/4"
(KCP296C)

No. ECT1 Evidence Collection Tube, 1 5/16" x 8", 12 ea.

No. ECT3 Evidence Collection Tube, 3" x 12", 8 ea.

Sharpstube Syringe Transport Tubes

Designed to hold a hypodermic syringe for transportation, these tubes are well-marked with bright international biohazard markings. One end of the tube contains a sealing material that will immobilize the syringe and prevent needle leakage.

No. ECT2 Syringe Transport Tube, 1" x 8", 12 ea.

Telescopic Evidence Collection Tubes

These tubes feature a telescopic length extension. All tubes are made from translucent polypropylene except for ECT4 which is clear PVC. Notches on the internal tube allow for telescopic expansion to fit contained evidence. A twist-lock mechanism on the round tubes retains the extended position while the hexagon end prevents rolling.

No. ECT4 Twist Tube, 4 3/4" x 7 7/8", 1.3" dia., 12 ea.

No. ECT5 Twist Tube, 7 1/8" x 13 3/4", 2" dia., 12 ea.

No. ECT6 Twist Tube, 13 3/4" x 24 3/8", 2.5" dia., 12 ea.

Cleaners and Sanitizers

It's extremely important for law enforcement, public safety professionals, and forensic scientists to disinfect and sanitize their hands, their tools, and materials consistently. We offer several options to meet your department needs.

Sanizide Plus Disinfectant Cleaner

Ready-to-use, hard surface cleaner protects against HIV-1 and HBV.

No. DC32

SaniZide Plus, 32 oz.

No. DC128

SaniZide Plus, 1 gal.

Antimicrobial Hand Wipes

Created with 66.5% ethyl-alcohol and meets CDC, APIC, and OSHA standards for hand-washing. Available in convenient mini pouches and can remove debris from hands and fingernails when soap and water are unavailable.

No. AMW100

Antimicrobial Wipes, 5" x 8", 100 ea.

Saniwash Antimicrobial Handwash

A must-have for investigators: a perfect hand cleaner to use before, during, and after handling all types of evidence. Help reduce the risk of cross contamination.

No. AH16

Saniwash, 16 oz.

No. AH128

Saniwash, 1 gal.

Antiseptic Bio-Hand Cleaner

This waterless hand sanitizer kills 99.9% of germs. Evaporates quickly and completely with no rinsing required.

No. ABC4

Antiseptic Bio-Hand Cleaner, 4 oz.

No. ABC16

Antiseptic Bio-Hand Cleaner, 16 oz.

Protect everyone.

Be prepared to keep you and your community safe with **Sirchie Tactical**.
