

Highlights of Theft Detection and Questioned Documents

Our most popular theft detection and questioned document analysis solutions are featured in this section. To see our full offering, please visit <http://www.sirchie.com/products/theft-fraud-detection.html>

Our theft detection solutions are used by investigators, law enforcement, and security personnel to make an association between a suspect, an object, and a location. We offer a variety of fluorescent invisible and visible tools for these purposes.

Our questioned documents solutions give investigators tools for handwriting analysis, indented or erased writing, and more.

These solutions are commonly used for investigating crimes such as: petty theft, shoplifting, coin box tampering, money laundering, illegal drug transactions, robberies, repeated burglaries, kidnapping, fraud, arson, espionage, fire alarm boxes, and more.

Evidence Collection Course

Law Enforcement Professionals operate in an increasingly complex environment where budgets are tight, crime scenes are complicated, and the public expects investigations to lead quickly to justice. Our popular Evidence Collection Accelerated Training Class gives you hands-on experience in limited class sizes covering the scientific methods of collection, identification, evaluation, and preservation of physical evidence. Our students love the teach-do method of instruction and take their knowledge back to the field as lifelong Sirchie graduates.

Fluorescent Invisible Detection

Fluorescent Invisible Detection Powder

These powders come in various natural colors to blend with diverse object backgrounds to reduce visual detection. The chart below lists the powder's natural color, the color it fluoresces, and recommended applications. Good adhesion properties aid in target-to-hand, body, or clothing contact. Apply a light dusting to the target object with a soft bristle brush. Highly fluorescent when exposed to longwave ultraviolet radiation using any Sirchie longwave (UV) light source. Sold in 2 oz. (30ml) volume jars.

No.	Natural Color/Fluorescent Color	General Application
UV201	Pale Green/Brilliant Green	Currency, Paper, Clothing, Light-Colored Surfaces
UV202	White/Brilliant Blue	Documents, Books, White Surfaces, Clothing
UV203	Pale Yellow/Brilliant Yellow	Manila Papers, Envelopes, Clothing
UV204	Black/Brilliant Green	Floors, Any Black Surface
UV205	Pale Blue/Brilliant Green	Military Clothing, Rugs, Blue Surfaces
UV207	Gray/Brilliant Green	Cans, Silver Coins, Any Gray Surface

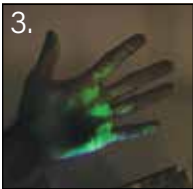

Clue Spray™ Fluorescent Invisible Detection Powder

Clue Spray™ is an invisible fluorescent powder packaged in an easy-to-use aerosol. Spray directly onto surfaces leaving a very fine film that blends easily on almost any object. When touched this film transfers to skin, clothing or other objects. Under normal light its buff color is almost invisible on a black or light-colored surface, but appears as a bright fluorescent green when exposed to longwave (UV) light. Use Clue Spray™ on carpets, tile, wood and just about any walking surface with limited access for tagging and tracing. Best used indoors as rain and wind can displace Clue Spray™.

How Clue Spray™ Works

1. Spray surface with Clue Spray™. Even after application, surface looks untreated under normal light.
2. Under longwave UV light, sprayed surface fluoresces a bright green.
3. Once touched, the bright fluorescence is transferred to the hand.

No. UVA201

Clue Spray™, 6 oz. aerosol

Fluorescent Invisible Detection Paste

Detection paste is ideal for outdoor applications when powders and Clue Spray™ are not suitable because of wind, rain, or surface moisture. This paste is water-resistant and will transfer to skin and clothing for long periods of time. Use disposable vinyl or latex gloves to apply a thin film to objects. Our most popular color is neutral/brilliant green (UVT208). Sold in 2 oz. tubes.

Fluorescent Invisible Marking

Fluorescent Invisible Marking Pen

You can mark most porous materials with this invisible, permanent, highly fluorescent pen for identification and tracing. Ideal for paper, cardboard, cloth, and wood and will fluoresce when exposed to longwave UV light.

A mark made with the No. UV700 Invisible Marking Pen is viewed under longwave UV light.

No. UV700 **Fluorescent Invisible Marking Pen, ea.**

Universal Counterfeit Detection Pen

Mark any currency (except Canadian) for immediate counterfeit detection. If markings stay amber, currency is legitimate. If markings turn black or brown, currency is suspect.

Marked bill on left has a light amber marking indicative of real currency, while the marking on the right bill has turned black indicating counterfeit currency.

No. CDP101 **Universal Counterfeit Detection Pen, ea.**

Invisible Fluorescent Crayon

This crayon may be used effectively to mark currency, paper and cardboard products, clothing, plastic products and other porous or non-porous materials for tagging and tracing purposes. Markings are highly fluorescent when exposed to longwave or shortwave UV light.

No. UV739 **Pale Green Invisible Fluorescent Crayon, ea.**

Fluorescent Invisible Paint Marker

This UV marker is perfect for applying invisible markings on non-porous surfaces such as metal, plastic, glass, ceramic, rubber and stone. Its fast-drying, xylene-free paint conforms to safety standards such as California Proposition 65 and EPA HAPS and SARA 313. Markings are invisible under normal light, but brightly fluoresce under UV illumination. Marking temperature range: -50°F to 150°F (-46°C to 66°C). Not recommended for use on skin.

No. TDTUV100 **Fluorescent Invisible Paint Marker**

Fluorescent Invisible Skin Marking Ink

Use this ink to control access and exits at highly secured areas and buildings, such as prisons and detention houses. The ink can be swabbed, dabbed, or stamped on the skin. It dries immediately with no trace and fluoresces under longwave UV light.

No. UV743E **Fluorescent Invisible Skin Marking Ink, 16 oz.**

No. UV743EL **Fluorescent Invisible Skin Marking Ink, 32 oz.**

Fluorescent Invisible Tagging Ink

Use this tagging ink (No. UV999E) on glass, all metals, rubber, vinyl, ceramic, cloth (natural or man-made fibers), cardboard and paper. Markings fluoresce a brilliant blue-white and dry on any surface very quickly. Works great with No. UV991 Marking Pen.

No. UV999E **Fluorescent Invisible Tagging Ink, 16 oz.**

No. UV991 **Refillable Aluminum Marking Pen**

Fluorescent Invisible Detection Kits

Fluorescent Invisible Skin Marking Kit

This is a complete, portable kit containing the necessary equipment to control access or egress at any facility having 110/120V AC available. Included in this kit is the state-of-the-art UV Panther Longwave Light.

UV793 Contents:

- 1- UVP900 UV Panther 9-watt Longwave Forensic Light
- 1- UV743E Fluorescent Skin Marking Ink, 16 oz.
- 1- UV742 Uninked Stamp Pad
- 1- UV744 Copolymer Carrying Case, 16.375" x 8.625" x 7"

No. UV793 **Fluorescent Invisible Skin Marking Kit**

No. UV742 **Replacement Uninked Stamp Pad**

Patrol Car Detection Kit

If your department is experiencing a high incidence of petty theft in residential and commercial areas, this kit will help you verify suspects. It also features a battery operated longwave UV light.

UV100 Contents:

- 1- CUV100T Longwave UV Mini Light Source
- 4- KCP230 AA-Cell Batteries, Alkaline
- 1- UVA201 Clue Spray, 6 oz. Aerosol
- 1- UV739 Pale Green Invisible Crayon
- 1- UV700 Fluorescent Invisible Marking Pen
- 1- UV1001 Molded, Plastic carrying Case with Inserts, 12.125" x 7.25" x 5.5"

No. UV100 **Patrol Car Detection Kit**

Fluorescent Invisible Tagging Kit

Components permit the marking of all types of materials, such as paper, metal, cloth and plastic. Multiple, invisible tagging is possible with liquids and crayons. A battery-operated, longwave (UV) light is included for field portability.

UV200 Contents:

- 1- CUV100T Longwave UV Mini Light Source
- 4- KCP230 AA-Cell Batteries, Alkaline
- 2- 118L Regular Powder Brushes
- 1- UV7311 Invisible Metal Marking Ink, 1 oz.
- 1- UV7321 Invisible Coin Lacquer, 1 oz.
- 1- UV739 Green Invisible Fluorescent Crayon
- 1- UV700 Fluorescent Invisible Marking Pen
- 1- UV2001 Molded, Plastic Carrying Case with Inserts, 12.125" x 7.25" x 4.5"

No. UV200 **Fluorescent Invisible Tagging Kit**

Fluorescent Invisible Snare Kit

Use powders, tagging paste, and more with a longwave UV light to help identify suspects. More robust, this kit offers more tools for different environments.

UV300 Contents:

- 1- CUV100T Longwave UV Mini Light Source
- 4- KCP230 AA-Cell Batteries, Alkaline
- 1- UV201 Green Fluorescent Invisible Detection Powder, 2 oz.
- 1- UV203 Yellow Fluorescent Invisible Detection Powder, 2 oz.
- 1- UV207 Gray Fluorescent Invisible Detection Powder, 2 oz.
- 3- 118L Regular Powder Brushes
- 1- UVT208 Neutral Invisible Detection Paste, 1 oz.
- 1- UV739 Green Invisible Fluorescent Crayon
- 1- UV7311 Invisible Metal Marking Ink, 1 oz.
- 1- UV7321 Invisible Coin Lacquer, 1 oz.
- 6- KCP210 Cotton-Tipped Applicators
- 1- UV3001 Molded, Plastic Carrying Case with Inserts, 14.375" x 8.625" x 7"

No. UV300 **Fluorescent Invisible Snare Kit**

Apprehender Special Kit

With this kit, you'll have everything you need, from tagging objects for traceability to identifying a security breach. Kit includes a battery-operated longwave UV light for field use.

UV400 Contents:

- 1- CUV100T Longwave UV Mini Light Source
- 4- KCP230 AA Batteries, Alkaline
- 1- UV201 Pale Green Fluorescent Detection Powder, 2 oz.
- 1- UV202 White Fluorescent Detection Powder, 2 oz.
- 1- UV204 Black Fluorescent Detection Powder, 2 oz.
- 1- UV207 Gray Fluorescent Detection Powder, 2 oz.
- 4- 118L Regular Powder Brushes
- 1- UVT208 Neutral Fluorescent Detection Paste, 2 oz.
- 1- UVT211 Gray Fluorescent Detection Paste, 2 oz.
- 12- KCP210 Cotton Applicator Swabs
- 1- UVA201 Clue Spray, 6 oz.
- 1- UV739 Pale Green Fluorescent Crayon
- 1- UV700 Fluorescent Marking Pen
- 1- UV400C Molded, Copolymer Carrying Case

No. UV400Apprehender Special Kit

ThiefCatcher Invisible Theft Detection Kit

An ideal kit for law enforcement and businesses to identify a suspect after the incident.

UVFT2000 Contents:

- 1- UVFT100A UV ForensiTorch™ with rechargeable battery and charger
- 1- UV201 Pale Green Fluorescent Invisible Detection Powder, 2 oz. (59ml)
- 1- UV206 Salmon Fluorescent Invisible Detection Powder, 2 oz. (59ml)
- 1- UV739 Pale Green Invisible Fluorescent Crayon
- 1- UV700 Fluorescent Invisible Marking Pen
- 1- UVA201 CLUE SPRAY™, 6 oz. (177.4ml)
- 2- 118L Regular Powder Brushes
- 1- UVT208 Neutral Fluorescent Invisible Detection Paste, 2 oz. (59ml)
- 1- UVFT20001 Custom Fitted, High-Impact Carrying Case; Dimensions: 12.25" x 9" x 4" (31.1cm x 22.9cm x 10.2cm); Weight: 3.35 lbs. (1.5kg)

No. UVFT2000ThiefCatcher Theft Detection Kit

Visible Stain Detection

Tips for using visible stain detection powders: Before using stain detection powders, you should consider:

- If the object is porous, such as paper, cardboard, textile products, it will be permanently discolored.
- Non-porous materials, such as steel and glass, can usually be restored and cleaned.
- Do not use powders where there is an air flow. Airborne stain detection particles can contaminate large areas. Only use visible stain paste in this situation.
- When in doubt, use only non-destructive fluorescent invisible detection materials.
- **Note:** *Visible Stain Detection Products cannot be removed from porous surfaces. Non-porous objects may usually be cleaned.*

Visible Stain Detection Powder

Visible Stain Powders react to moisture such as perspiration, skin oils and water with a vivid color change. Once transfered to the skin of a subject, this color reaction is difficult to remove,—washing of the hands will only make the vivid color stain spread and intensify. Match the natural color of these powders to blend with the surface of application.

No. VS301	Green/Purple Visible Stain Detection Powder, 2 oz.
No. VS302	Mahogany/Blue Visible Stain Detection Powder, 2 oz.
No. VS303	Brown/Red Visible Stain Detection Powder, 2 oz.
No. VS304	Silver/Purple Visible Stain Detection Powder, 2 oz.
No. VS305	Black/Purple Visible Stain Detection Powder, 2 oz.
No. VS306	Copper/Orange Visible Stain Detection Powder, 2 oz.

Visible Stain Detection Paste

You can use detection paste indoors or outdoors, regardless of air flow. Wear gloves when you apply a thin layer of paste to a similar color object. Once the paste comes into contact with moisture, including perspiration, skin oils or water, the paste will react and a vivid color will appear. **Note:** *Visible Stain Detection Products cannot be removed from porous surfaces.*

No. VST308	Mahogany/Blue Visible Stain Detection Paste, 2 oz.
No. VST309	Brown/Red Visible Stain Detection Paste, 2 oz.

Mini Visible Stain Detection Kit

Ideal for small departments, this kit contains both a powder suitable for tagging currency and a paste for blending with dark-colored objects.

VS100 Contents:

- 1- VST308 Mahogany Visible Stain paste, 2 oz
- 1- VS301 Green Visible Stain Powder, 2 oz
- 1- 118L Regular Powder Brush
- 12- KCP210 Cotton Swabs
- 1- VS1001 Black, Molded Copolymer Carrying Case

No. VS100Mini Visible Stain Detection Kit

Regular Visible Stain Detection Kit

You'll have many options for different scenarios with this kit. It features powders and pastes in a wider selection of colors.

VS200 Contents:

- 1- VS301 Green Visible Stain Powder, 2 oz
- 1- VS304 Silver Visible Stain Powder, 2 oz
- 1- VST309 Brown Visible Stain Paste, 2 oz
- 1- VST310 Green Visible Stain Paste, 2 oz
- 2- 118L Regular Powder Brushes
- 10- KCP210 Cotton Swabs
- 1- VS2001 Copolymer Carrying Case

No. VS200Regular Visible Stain Detection Kit

Master Visible Stain Detection Kit

Components in this complete tagging kit include a comprehensive selection of visible stain powder and pastes. All the necessary applicator brushes and swabs are included. It is an excellent choice for public and private institutions.

VS300 includes:

- 1- VS301 Green Visible Stain Powder, 2 oz
- 1- VS302 Mahogany Visible Stain Powder, 2 oz
- 1- VS303 Brown Visible Stain Powder, 2 oz
- 1- VS304 Silver Visible Stain Powder, 2 oz
- 1- VS305 Black Visible Stain Powder, 2 oz
- 1- VS306 Copper Visible Stain Powder, 2 oz
- 1- VST308 Mahogany Visible Stain Paste, 2 oz
- 1- VST309 Brown Visible Stain Paste, 2 oz
- 1- VST310 Green Visible Stain Paste, 2 oz
- 1- VST311 Black Visible Stain Paste, 2 oz
- 6- 118L Regular Powder Brushes
- 12- KCP210 Cotton-Tipped Applicator Swabs
- 1- VS300C Copolymer Carrying Case with Folding Handle, Latches & Custom Insert, 13" x 9" x 4.75"

No. VS300Master Visible Stain Detection Kit

All-Purpose Detection Kit

Fluorescent invisible and visible powders, pastes, dyes, crayons, ink markers and other tagging devices can serve as invaluable assistants to the investigator in establishing a link to a suspect, object or location. The SIRCHIE all-purpose detection kit components equip an investigator with the tools necessary to resolve crimes related to property theft. A battery operated longwave UV light is included for field use.

UVS900 Contents:

- 1- VS301 Green Visible Stain Powder, 2 oz.
- 1- VS302 Mahogany Visible Stain Powder, 2 oz.
- 1- VS304 Silver Visible Stain Powder, 2 oz.
- 1- VS306 Copper Visible Stain Powder, 2 oz.
- 1- VST309 Visible Stain Paste, 2 oz.
- 1- UV201 Green Fluorescent Invisible Detection Powder, 2 oz.
- 1- UV202 White Fluorescent Invisible Detection Powder, 2 oz.
- 1- UV203 Yellow Fluorescent Invisible Detection Powder, 2 oz.
- 1- UVT208 Neutral Fluorescent Invisible Detection Paste, 2 oz.
- 1- UVT210 Buff Fluorescent Invisible Detection Paste, 2 oz.
- 1- UVT211 Gray Fluorescent Invisible Detection Paste, 2 oz.
- 1- UVA201 CLUESPRAY, 6 oz.
- 1- UV739 Green Fluorescent Invisible Crayon
- 1- UV700 Fluorescent Invisible Marking Pen
- 1- CUV100T Longwave UV Mini Light Source
- 4- KCP230 AA-Cell Batteries, Alkaline
- 4- 118L Regular Powder Brushes
- 20- KCP210 Cotton-Tipped Applicator Swabs
 - 1- UVS900C Molded Copolymer Carrying Case, Textured with Handle, Locking Latches and Custom Insert, 14" x 10.75" x 5.75"

No. UVS900 All-Purpose Detection Kit

Questioned Document Analysis

Master Questioned Document Kit

Our most complete kit available to examine and analyze questioned documents. It features tools for the color analysis of inks, the restoration of altered writing, indented writing and restoration, a longwave and a shortwave UV light, a 5x magnifier, and a questioned document analysis plate.

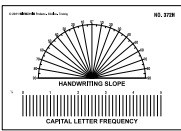

MQDA500 Contents:

- | | |
|---|---|
| 1- 214C2 Iodine Print Fixative, 2 oz. | 4- IR8 Ink Reagents No. 8 |
| 1- 215CS2 Iodine Print Fixative Remover, 2 oz. | 4- IR9 Ink Reagents No. 9 |
| 10- 288DP Disposable Pipettes with Capillary and 3ml Bulb | 4- IR10 Ink Reagents No. 10 |

Slope Protractor and Letter Frequency Template

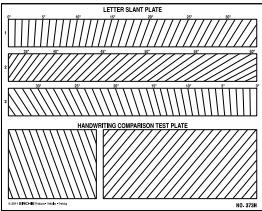

The upper portion of this polyester film template is used to determine the slant angle of handwriting in either direction. The lower section is used to determine letter frequency or the space factor of handwriting. Dimensions: 7"H x 5"W (17.8cm x 12.7cm)

No. 372H Slope Protractor and Letter Frequency Template

Handwriting Letter Slant and Comparison Template

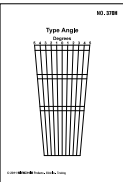

The upper portion of this polyester film template is used to determine the slant angle of handwriting, up to 60° clockwise and 35° counterclockwise. The larger lower section is used to rapidly compare slant angle between questioned and known samples of handwriting. Dimensions: 10"W x 8"H x (25.4cm x 20.3cm)

No. 373H Handwriting Letter Slant and Comparison Template

Type Angle Template

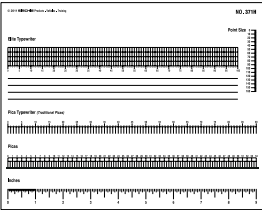

This polyester film template is used to determine the angle of tilted characters, up to 5° in either direction. Dimensions: 7"H x 5"W (17.8cm x 12.7cm)

No. 370H Type Angle Template

Typewriter Measurement Template

This polyester film template is used to detect any abnormal horizontal or vertical alignment of typewritten characters. Dimensions: 10"W x 8"H (25.4cm x 20.3cm)

No. 371H Typewriter Measurement Template

Handwriting Analysis Instrument

The combination of reticles included make this kit are indispensable for handwriting analysis. An excellent 5X magnifier and any one of 16 transparent analysis reticles may be assembled to make a very convenient handwriting analysis instrument.

No. HC100 Handwriting Analysis Instrument

Indented Writing Restoration Kit

When handwriting is made on a pad or book of paper, not only is the top sheet affected, but the under sheets also receive impressions from which it is possible to determine the text of the original writing. These impressions are called "indented writing" and it is possible to develop these latent impressions with the reagents furnished with this kit. Individual application vials for the reagents provide unlimited storage life.

IRS1001 includes:

- 12- 288FP1 Contact Filter Paper, 1" x 2"
- 1- IRS100 Indentation Removal Solution, 1 oz
- 6- ISS3 Indentation Solutions, Strong
- 6- ISW1 Indentation Solutions, Weak
- 6- KCP210 Swabs
- 12- KCP193 Brush, Applicator 3.25"
- 1- IRS10011 Carrying Case, Molded Polypropylene with Molded Plastic Inserts, 8.625" x 4.5" x 1.75"

No. IRS1001 Indented Writing Restoration Kit

Erased Writing Detection Kit

The EWD1001 enables the investigator to restore erased writing with chemical or fuming reagents. A UV light is included for preliminary inspection of the questioned document prior to chemical treatment. A 5X magnifier is a necessary addition to the kit. Individual applicator vials are provided for increased storage life and cross-contamination control.

EWD1001 Contents:

- 1- 214C1 Iodine Print Fixative, 1 oz.
- 1- 215CS1 Iodine Print Fixative Remover, 1 oz.
- 1- AMP2066 Iodette Ampoules, 3gr, Set of 6
- 1- CUV100T UV Mini-Light, DC only (batteries not included)
- 8- EINK1 Erased Ink #1, 2ml Vial
- 8- EINK2 Erased Ink #2, 2ml Vial
- 8- EINK3 Erased Ink #3, 2ml Vial
- 4- KCP230 AA Cell Batteries, Alkaline
- 1- PFP200 Fingerprint Magnifier, Model M2
- 1- KCP218 Lamp, Fluorescent, Cool White, 4-watt
- 6- ZTE021 Zip-Top Evidence Bags, 9" x 12"
- 24- KCP193 Brush, Applicator 3.25"
- 1- EWD10011 Carrying Case, Molded Copolymer with Latch, 14.375" x 8" x 7"

No. EWD1001 Erased Writing Detection Kit

The Portable Police Laboratory

The most complete and comprehensive investigation kit on the market today! This kit literally takes the laboratory out to the field with everything you need. The six trays of this kit include all tests that when used in the field, will let the investigator search, screen, and identify physical evidence. It's easy-to-use and efficient with tests performed through pre-measured, disposable, non-contaminating ampoules which eliminate the possible contamination or misuse of the reagents.

Additionally, the 1000M includes reagents for testing blood, semen, narcotics, and GSR that are non-destructive and will not interfere with subsequent formal laboratory analysis.

1000M Contents:

- 1- 101L1 Latent Print Powder, Silk Black, 1 oz. (39ml)
- 1- 103L1 Latent Print Powder, Indestructible White, 1 oz. (39ml)
- 4- 118L Regular Powder Brushes
- 4- 22L1 Kit Size Fiberglass Brushes
- 1- 125L Standard Magnetic Powder Applicator
- 1- 130LB Hinge Lifter, Black, 1.5" x 2" (3.8cm x 5.1cm), 24 ea.
- 1- 130LT Hinge Lifter, Transparent, 1.5" x 2" (3.8cm x 5.1cm), 24 ea.
- 1- 130LW Hinge Lifter, White, 1.5" x 2" (3.8cm x 5.1cm), 24 ea.
- 1- 131LT Hinge Lifter, Transparent, 2" x 4" (5.1cm x 10.2cm), 12 ea.
- 1- 131LT4 Hinge Lifter, Transparent, 4" x 4" (10.2cm x 10.2cm), 12 ea.
- 1- 144L Fingerprint Lifting Tape, Transparent, 1.5" x 360" (3.8cm x 9m)
- 1- 145L Fingerprint Lifting Tape, Frosted, 1.5" x 360" (3.8cm x 9m)
- 1- 146L Lifting Tape Dispenser, 1.5"W (3.8cm)
- 1- 202C Ninhydrin Spray, 6 oz. (177ml) aerosol
- 1- 203CS2 Ninhydrin Fixative, 2 oz. (59ml)
- 1- 214C2 Iodine Print Fixative, 2 oz. (59ml)
- 1- 215CS2 Iodine Print Fixative Remover, 2 oz. (59ml)
- 12- 288DP Disposable Pipettes w/Capillary and 3ml Bulb
- 4- 288L1 Luminol Ampoule Reagents
- 4- 288L2 Luminol Ampoule Reagents
- 4- 288LM1 Leucomalachite Ampoule 1
- 4- 288LM2 Leucomalachite Ampoule 2

- 4- 288PX1 PX1 Reagent Ampoules, Phenolphthalein
- 4- 288PX2 PX2 Reagent Ampoules, Phenolphthalein
- 1- 317P Magnifier, 2X, 3" (76cm) dia.
- 1- 600E Photo Evidence Rule Tape, 1/2" x 30 ft. (1.3cm x 9m)
- 1- VS301 Visible Stain Powder, Green/Purple, 2 oz. (59ml)
- 1- VS302 Visible Stain Powder, Mahogany/Blue, 2 oz. (59ml)
- 1- 603E Evidence Identification Tape, 1" x 500" (2.5cm x 13m)
- 20- 621EI Heat Seal Evidence Bags, 4" x 10" (10.2cm x 25.4cm)
- 10- 622EI Heat Seal Evidence Bags, 9" x 12" (22.9 cm x 30.5cm)
- 1- UV700 UV Ink Marking Pen
- 1- UV201 Fluorescent Invisible Detection Powder, Green/Green, 2 oz. (59ml)
- 1- UV202 Fluorescent Invisible Detection Powder, White/Blue, 2 oz. (59ml)
- 1- UVT208 Fluorescent Invisible Detection Paste, Neutral/Green, 1 oz. (30ml)
- 1- UV739 Invisible Fluorescent Crayon, Green/Green
- 1- CUV100T UV Mini Light Source (longwave), 4-watt
- 1- A211C Iodine Crystal Ampoules, 6 ea.
- 2- ACN2 Acid Neutralizer, 2 oz. (59ml)
- 1- AMP2066 Iodette Ampoules, 3g, 6 ea.
- 15- LPB1001 Lifted Print Backing/Sketch/Record Card, Black 3" x 5" (76cm x 12.7cm)
- 15- LPW1001 Lifted Print Backing/Sketch/Record Card, White 3" x 5" (76cm x 12.7cm)
- 4- DF201 Fumette Disposable Iodine Fuming Guns
- 2- DISW2 Deionized Water, 2 oz. (59ml)
- 25- EIL011 Evidence Identification Labels, "Crime Evidence"
- 25- FC3301 Criminal Record Cards, Standard, 8" x 8" (20.3cm x 20.3cm)
- 10- FC345L1 Postmortem Record Strips, Left Hand, Standard
- 10- FC345R1 Postmortem Record Strips, Right Hand, Standard
- 20- FPT1C1 Super Cleaner Towelettes
- 1- FPT263 Multi-Mount Injection Molded Cardholder
- 1- PFP700 PRINTMATIC™ Flawless Fingerprint Ink Pad
- 1- FPT270A Elimination Pad, 50-Sheet
- 1- GL000 Carbide Tip Scriber
- 1- GL002 Retractable Lifter Knife w/Blade
- 1- GL004 Retractable Ridge Counter
- 1- GRA200 Primer Residue Collection Kit
- 1- KCP110 Scissors, 5" (12.7cm)
- 1- KCP139 Tweezers, Plastic, 4.75" (12.1cm)
- 1- KCP144 China Marker, Black
- 1- KCP145 China Marker, White
- 2- KCP148 Syringes, 3cc Disposable
- 8- KCP154 Pipettes, with Suction Bulb
- 5- KCP163 Emory Papers, 2" x 3" (5.1cm x 7.6cm)
- 6- KCP165 Stirring Rods, Glass, 5" (12.7cm)
- 1- KCP168 File, Bastard
- 10- KCP209 Stirrers, Wood
- 10- KCP210 Swabs
- 15- KCP217 Cotton Balls
- 25- KCP227 Filter Papers, 1" x 2" (2.5cm x 5.1cm)

- 1- KCP228A Jar, Glass, with Closure, 4 oz. (118ml), Labeled Mobile Phase...
- 1- KCP228B Jar, Glass, with Closure, 4 oz. (118ml), Labeled Color Developing...
- 3- KCP229 Masks, Surgical
- 4- KCP230 AA-Cell Batteries, Alkaline
- 1- KRL1052 Finger Tissue Cleaner, 2 oz. (30ml)
- 1- KRL1062 Tissue Builder Solvent, 2 oz. (30ml)
- 1- KRL1102 Ninhydrin Remover, 2 oz. (30ml)
- 15- LPB1001 Black Backing Cards, 3" x 5"
- 15- LPW1001 White Backing Cards, 3" x 5"
- 1- M115L Magnetic Latent Print Powder, Midnight Black
- 1- M116L Magnetic Latent Print Powder, White
- 1- M117L Magnetic Latent Print Powder, Gray
- 1- MZ010B Extract Reagent #1, 1 oz. (30ml)
- 2- MZ020A Thin Layer Chromatography of Marijuana, Replacement Kits
- 1- NAR10002 Marquis Reagent, 10 pk.
- 1- NAR10004 Cobalt Thiocyanate Reagent, 10 pk.
- 1- NAR10005 Dille-Koppanyi Reagent, 10 pk.
- 1- NAR10007 Erlich's Reagent, 10 pk.
- 1- NAR10008 Duquenois, 10 pk.
- 3- NIS RESTOR-A-GEL® for Steel, 1/8 oz. (4ml)
- 1- PFB12 Classification Disc, Henry/Battle, for M1 and M2 Magnifier
- 1- PFP200 Fingerprint Magnifier, Model M2
- 1- PM283 Porelon® Postmortem Inking Tool
- 1- PMFS500 Postmortem Finger Straighteners
- 1- PMNS60 Postmortem Record Strip Holders
- 1- RAG1001 RESTOR-A-GEL® for Steel, 1 oz. (30ml)
- 1- RAG2001 RESTOR-A-GEL® for Aluminum, 2 oz. (30ml)
- 1- RAG3001 RESTOR-A-GEL® for Copper, 2 oz. (30ml)
- 1- RAG5003 Metal Surfacing Solution, 2 oz. (59ml)
- 1- RAG5004 Aluminum Surfacing Solution, 2 oz. (59ml)
- 4- SF298S1 S1 Ampoule Reagent, 5ml
- 4- SF298S2 S2 Ampoule Reagent, 2ml
- 4- SF298S3 S3 Ampoule Reagent, 1ml
- 1- SG202L1 Hi-Fi Latent Print Powder, Silver/Gray, 1 oz. (30ml)
- 2- SPU1 Spray Power Units, w/Tubes
- 1- SR301L1 Hi-Fi Latent Print Powder, Silver, Red, 1 oz. (30ml)
- 2- TMDT01 Trace Metal Reagents, 1 oz. (30ml)
- 6- ZTE021 Iodette Fuming Bags, 9" x 12" (22.9cm x 30.5cm)
- 1- 1000M1 High-Impact, Copolymer Carrying Case w/Handle; Dimensions: 18" x 13" x 23" (45.7cm x 33cm x 58.4cm); Weight: 33.5 lbs. (15.2kg)

No. 1000M
