

| SECTION 1: Identification | |
|---|--|
| 1.1. Identification | |
| Product form | : Mixture |
| Product name | : BPM119L Magnetic Latent Print Powder, Silver, 16 oz. |
| Product code | : BPM119L; BPM119L128 |
| 1.2. Relevant identified uses of the subs | stance or mixture and uses advised against |
| Use of the substance/mixture | : Latent fingerprint powder |
| 1.3. Details of the supplier of the safety | data sheet |
| SIRCHIE 100 Hunter Place Youngsville, NC 27596 - USA T 919-554-2244; 800-356-7311 - F 919-554-226 <u>http://www.sirchie.com</u> | 6; 800-899-8181 |
| 1.4. Emergency telephone number | |
| Emergency number | : 1.800.424.9300 CHEMTREC: 1.800.424.9300 |
| SECTION 2: Hazard(s) identification | |
| 2.1. Classification of the substance or m | nixture |
| GHS-US classification | |
| Flammable solids Category 2 | H228 |
| Serious eye damage/eye irritation Category 2A | H319 |
| Full text of H statements : see section 16 | |
| 2.2. Label elements | |
| GHS-US labeling | |
| Hazard pictograms (GHS-US) | : GHS02 GHS07 |
| Signal word (GHS-US) | : Warning |
| Hazard statements (GHS-US) | : H228 - Flammable solid H319 - Causes serious eye irritation |
| Precautionary statements (GHS-US) | P210 - Keep away from heat, hot surfaces, open flames, sparks No smoking P240 - Ground/bond container and receiving equipment P241 - Use explosion-proof electrical, lighting, ventilating equipment P264 - Wash all exposed skin thoroughly after handling P280 - Wear Dust mask, eye protection, protective gloves P305+P351+P338 - If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing P337+P313 - If eye irritation persists: Get medical advice/attention P370+P378 - In case of fire: Use CO2, dry chemical, foam, water spray to extinguish |
| 2.3. Other hazards | |
| Other hazards not contributing to the classification | : None under normal conditions. |
| 2.4. Unknown acute toxicity (GHS US) | |
| Not applicable | |
| SECTION 3: Composition/Informatio | n on ingredients |
| 3.1. Substance | |
| Not applicable | |
| | |

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| 3.2. Mixture | | | |
|-----------------------------------|--------------------|---------|---|
| Name | Product identifier | % | GHS-US classification |
| iron, powder | (CAS No) 7439-89-6 | 80 | Flam. Sol. 2, H228 Eye Irrit. 2A, H319 |
| aluminium,powder,coated,dangerous | (CAS No) 7429-90-5 | <= 19.4 | Not classified |
| stearic acid | (CAS No) 57-11-4 | >= 0.6 | Not classified |

Full text of H-phrases: see section 16

| Full text of H-phrases: see section 16 | |
|---|---|
| SECTION 4: First aid measures | |
| 4.1. Description of first aid measure | S |
| First-aid measures general | : Never give anything by mouth to an unconscious person. If you feel unwell, seek medical advice (show the label where possible). |
| First-aid measures after inhalation | : Allow victim to breathe fresh air. Allow the victim to rest. |
| First-aid measures after skin contact | : Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. |
| First-aid measures after eye contact | : Rinse immediately with plenty of water. Obtain medical attention if pain, blinking or redness persist. |
| First-aid measures after ingestion | : Rinse mouth. Do NOT induce vomiting. Obtain emergency medical attention. |
| 4.2. Most important symptoms and e | effects, both acute and delayed |
| Symptoms/injuries | : Not expected to present a significant hazard under anticipated conditions of normal use. |
| 4.3. Indication of any immediate me | dical attention and special treatment needed |
| No additional information available | |
| SECTION 5: Firefighting measure | es |
| 5.1. Extinguishing media | |
| Suitable extinguishing media | : Foam. Dry powder. Carbon dioxide. Water spray. Sand. |
| Unsuitable extinguishing media | : Do not use a heavy water stream. |
| 5.2. Special hazards arising from the | e substance or mixture |
| Reactivity | : No reactivity hazard other than the effects described in sub-sections below. |
| 5.3. Advice for firefighters | |
| Firefighting instructions | : Use water spray or fog for cooling exposed containers. Exercise caution when fighting any |
| Protection during firefighting | chemical fire. Prevent fire-fighting water from entering environment. : Do not enter fire area without proper protective equipment, including respiratory protection. |
| SECTION 6: Accidental release m | neasures |
| 6.1. Personal precautions, protective | e equipment and emergency procedures |
| 6.1.1. For non-emergency personnel | |
| Emergency procedures | : Evacuate unnecessary personnel. |
| 6.1.2. For emergency responders | |
| Protective equipment | : Equip cleanup crew with proper protection. |
| Emergency procedures | : Ventilate area. |
| 6.2. Environmental precautions | |
| | Notify authorities if liquid enters sewers or public waters. |
| 6.3. Methods and material for contai | nment and cleaning up |
| Methods for cleaning up | : On land, sweep or shovel into suitable containers. Minimize generation of dust. Store away from other materials. |
| 6.4. Reference to other sections | |
| See Heading 8. Exposure controls and person | onal protection. |
| SECTION 7: Handling and storag | e |
| 7.1. Precautions for safe handling | |
| Precautions for safe handling | : Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Provide good ventilation in process area to prevent formation of vapor. |
| | |

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| 7.2. | Conditions for safe storage, includi | any incompatibilities | |
|---------|--------------------------------------|---|--|
| Storage | conditions | Keep only in the original container in a cool, well ventilated place away from : Keep container closed when not in use. | |
| Incomp | atible products | Strong bases. Strong acids. | |
| Incomp | atible materials | Sources of ignition. Direct sunlight. | |
| | | | |

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

| iron, powder (7439 | -89-6) | |
|----------------------|-------------------|---|
| Not applicable | | |
| aluminium,powder | | |
| ACGIH | ACGIH TWA (mg/m³) | 1 mg/m ³ (Aluminium, Metal; USA; Time-weighted average exposure limit 8 h; TLV - Adopted Value; Respirable fraction) |
| Not applicable | | |
| stearic acid (57-11- | -4) | |
| Not applicable | | |

8.2. Exposure controls

Personal protective equipment

: Dust formation: dust mask. Gloves. Safety glasses.

| Hand protection | : Wear protective gloves. |
|------------------------|--|
| Eye protection | : Chemical goggles or safety glasses. |
| Respiratory protection | : Wear appropriate mask. |
| Other information | : Do not eat, drink or smoke during use. |
| | |

SECTION 9: Physical and chemical properties

| 9.1. Information on basic physical and | I chemical properties |
|---|---|
| Physical state | : Solid |
| Appearance | : Powders. |
| Color | : Red |
| Odor | : odorless |
| Odor threshold | : No data available |
| рН | : No data available |
| Melting point | : No data available |
| Freezing point | : No data available |
| Boiling point | : No data available |
| Flash point | : No data available |
| Relative evaporation rate (butyl acetate=1) | : No data available |
| Flammability (solid, gas) | : No data available |
| Explosion limits | : No data available |
| Explosive properties | : No data available |
| Oxidizing properties | : No data available |
| Vapor pressure | : No data available |
| Relative density | : No data available |
| Relative vapor density at 20 °C | : No data available |
| Solubility | Insoluble in water. Water: Solubility in water of component(s) of the mixture : iron, powder: < 0.1 mg/l (insoluble) stearic acid: 0.0003 g/100ml |

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| Log Pow | : No data available |
|---------------------------------------|--|
| Auto-ignition temperature | : No data available |
| Decomposition temperature | : No data available |
| /iscosity | : No data available |
| Viscosity, kinematic | : No data available |
| Viscosity, dynamic | : No data available |
| 9.2. Other information | |
| No additional information available | |
| SECTION 10: Stability and | reactivity |
| 10.1. Reactivity | |
| No reactivity hazard other than the | effects described in sub-sections below. |
| 10.2. Chemical stability | |
| Stable under recommended handli | ng and storage conditions (see section 7). |
| 10.3. Possibility of hazardou | s reactions |
| Not established. | |
| 10.4. Conditions to avoid | |
| Direct sunlight. Extremely high or lo | ow temperatures. |
| 10.5. Incompatible materials | |
| Strong acids. Strong bases. | |
| 10.6. Hazardous decomposit | ion products |
| fume. Carbon monoxide. Carbon d | ioxide. |
| SECTION 11: Toxicologica | al information |
| 11.1. Information on toxicolo | |

Acute toxicity

: Not classified

| stearic acid (57-11-4) | |
|---|---|
| LD50 oral rat | > 5000 mg/kg (Rat) |
| LD50 dermal rabbit | > 5000 mg/kg (Rabbit) |
| Skin corrosion/irritation | : Not classified |
| Serious eye damage/irritation | : Causes serious eye irritation. |
| Respiratory or skin sensitization | : Not classified |
| Germ cell mutagenicity | : Not classified |
| | Based on available data, the classification criteria are not met |
| Carcinogenicity | : Not classified |
| Reproductive toxicity | : Not classified |
| | Based on available data, the classification criteria are not met |
| Specific target organ toxicity (single exposure) | : Not classified |
| Specific target organ toxicity (repeated exposure) | : Not classified |
| Aspiration hazard | : Not classified |
| Potential Adverse human health effects and symptoms | : Based on available data, the classification criteria are not met. |
| SECTION 12: Ecological information | |

12.1. Toxicity

| stearic acid (57-11-4) | |
|------------------------|----------------|
| LC50 fish 1 | 14 mg/l (LC50) |
| | |

| SECTION 16: Other information | |
|-------------------------------|--|
| Data sources | : REGULATION (EC) No 1272/2008 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 16 December 2008 on classification, labeling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006. |
| Training advice | : Normal use of this product shall imply use in accordance with the instructions on the packaging. Keep in tightly closed container. Keep cool and dry. Avoid all ignition sources - heat, open flame, sparks. Avoid incompatible materials. Avoid dust creation and accumulation. Avoid inhalation and ingestion. Avoid contact with eyes. Wash thoroughly after handling. |
| Other information | : This Safety Data Sheet has been established in accordance with the applicable European Union legislation. |

Full text of H-phrases:

| H228 | Flammable solid |
|--------------------------|--|
| H319 | Causes serious eye irritation |
| NFPA health hazard | : 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given. |
| NFPA fire hazard | : 2 - Must be moderately heated or exposed to relatively high temperature before ignition can occur. |
| NFPA reactivity | : 1 - Normally stable, but can become unstable at elevated temperatures and pressures or may react with water with some release of energy, but not violently. |
| HMIS III Rating | |
| Health | : 1 Slight Hazard - Irritation or minor reversible injury possible |
| Flammability | 2 Moderate Hazard - Materials which must be moderately heated or exposed to high ambient temperatures before ignition will occur. Includes liquids having a flash point at or above 100 F but below 200 F. (Classes II & IIIA) |
| Physical | : 1 Slight Hazard - Materials that are normally stable but can become unstable (self-react) at high temperatures and pressures. Materials may react non-violently with water or undergo hazardous polymerization in the absence of inhibitors. |
| Personal Protection | : E |
| | E - Safety glasses, Gloves, Dust respirator |
