

# Live Scan Bio-Identity Solutions

## Low Cost Time Saving Turnkey Packages

**Modernize your fingerprint taking process  
for criminal booking & applicant processing**

### Why Choose a Sirchie Solution?

- Incredibly easy to use vs. older systems or ink pad/roller
- Instant print quality grading to ensure print quality and reduce rejection rate
- Required data checks to ensure completeness of transaction
- Low start-up & maintenance for real dollar savings
- Increase officer/staff productivity
- Better serve your community for all types of applicant printing

*Instant print quality grading to ensure print quality and reduce rejection rate*

Our base package for criminal and applicant processing will arrive to you complete and ready to go consisting of a Palm Print Live Scan device and computer loaded with State-ready Sirchie Live Scan software. Available for in-office use or packaged in a portable jump kit for mobile use.

### Base Package includes:
