Tactical Solutions

Nowadays, opposition arises at a moment's notice and can quickly become violent. Police departments across the nation and the world are frequently being called on to help keep the peace and maintain order.

Yet, surveys suggest that most police officers are under equipped for their safety and lack the gear to adequately protect themselves while working to restore order amongst chaos.

When others run, you stand strong to serve and protect and we want to make sure every officer is protected. Introducing our revolutionary **TacCommander™** Riot Gear: One suit, fully adjustable to fit virtually everyone. High-quality, riot-duty helmets, shields, and more.

Through Sirchie Tactical, we offer protective solutions to help you while you keep our communities safe. Command Every Scene with confidence.

Sirchie Tactical solutions including TacCommander™ offer you an affordable solution with the flexibility to maintain gear easily. One suit for all, no more multiple measurements and variety of sizes to outfit your team.

TacCommander™ Riot/Tactical/Extraction Suit

One Adjustable Suit to Fit and Protect Virtually Everyone; One Suit for Multiple Sizes

With our revolutionary adjustable design, you can now outfit and protect your entire team without the worry and hassle of sizing each individual. Designed with input from tactical officers for **every** officer, TacCommander™ gives you the protection you need combined with the flexibility to maneuver easily; all at a competitive price.

ADJUSTABILITY

- Upper back/chest/torso expansion
- Adjustable Velcro Straps for lower torso, arms, and legs
- Two-piece lower torso, forearm, and shin pads for full protection
- Adjustable connectors between pads on arms and legs

MOLLE System on 45-degree angle for ergonomic, easy access of attached gear

PROTECTION

- Full torso coverage with front & back blunt force trauma plates
- Can accommodate 10" x 12" ballistic plates in front & back
- Side deflector shields around neck
- Front & rear straps with reflectors to quickly remove fallen officers from danger
- Shelves on thigh plates to rest your riot shield and remain protected.

Patented hammock system in knees and elbows for shock absorption and comfort

Shelves on thigh plates to rest your riot shield

One Adjustable Suit to Fit and Protect Virtually Everyone!

Protection: Riot Duty Helmets

Riot Duty Helmets

All of our riot duty helmets provide outstanding protection and superior comfort. They feature optically clear, UV resistant, polycarbonate face shields. Each of our helmets offers options to meet the demands of your department.

906 Series Riot Duty Helmets

- TacElite EPR™ Polycarbonate shell
- Permanent neck penetration shield with Kydex® penetration shield and shock absorbent foam pad

JCR100 Series Riot Duty Helmets

- TacElite TCM™ Fiberglass shell
- Room for radio transmitter & gas mask

900LT Series Riot Duty Helmets

- TacElite EPR™ Polycarbonate shell
- Liquid seal and a stable bracket face shield mounting system

FXR2000 Series Riot Duty Helmets

- Polycarbonate shell
- Full coverage helmet shell provides increased protection of the ears and neck

NIJ Testing for Riot Duty Helmets

Sirchie Riot Duty Helmets are designed to meet and exceed the requirements of the National Institute of Justice Standards for Riot Helmets NIJ0104.02. In addition to providing proper user information and being properly labeled, NIJ compliant helmets are required to attenuate severe impacts from blunt objects and to prevent penetration by sharp objects at temperatures ranging from 14F (-10C) to 122F (50C). NIJ0104.02 also requires a riot helmet retention system to remain securely fastened without breaking, slipping, or stretching more than one inch when placed under a static load test.

NIJ0104.02 does not include requirements for vehicular crash or any level ballistic capabilities. Sirchie Riot Control Helmets are not designed or intended for vehicular use or ballistic protection.

Protection: Riot Duty Helmets

Riot Duty Helmet Options & Accessories

Sizes:

	906	900LT	FXR2000		JCR100
Universal (6 1/2" - 7 5/8")	X	X	X	Small (6" - 5 5/8")	X

No. 6100 Full Length Body Shield

Protection: Gas Masks, Filters & Gloves

Avon C50 Air Purifying Respirator

The Avon C50 protective mask is based on the U.S. M50/JSGPM (Joint Services General Purpose Mask) and sharing key technologies, provides maximum operational flexibility to counter multiple threat scenarios, including chemical, biological, nuclear and radiological (CBRN) agents, Toxic Industrial Chemicals (TICs), and Toxic Industrial Materials (TIMs).

The C50 offers high protection, outstanding field of vision, and superior comfort. The innovative design features optimize the user's time in the operational area. Ideal for: Battlefield CBRN protection, first responders, correctional officers, specialist law enforcement & counter terrorism operations.

No. AVC50S Avon C50 Air Purifying Respirator, Small

No. AVC50M Avon C50 Air Purifying Respirator, Medium

No. AVC50L Avon C50 Air Purifying Respirator, Large

Avon PC50 Non-CBRN Air Purifying Respirator

The Avon PC50 is designed and approved as a NON-CBRN respiratory device, providing protection in dangerous and contaminated environments, against certain solid and liquid respirable particles, gases, vapors and splashes of liquid chemicals. The PC50 was specifically developed for the targeted user groups; budget challenged Prisons, Correctional Officers, Riot Control, Border Patrol, Plant Security and other NON-CBRN requirements that demand a robust, field proven competitively priced military pedigree product that meets their operational needs.

The PC50 is available in three sizes, with either left or right hand 40mm canister mounts that accept traditional or conformal filters.

The standard communication port allows the ability to integrate with existing radios.

No. AVPC50S Avon PC50 Air Purifying Respirator, Sm

No. AVPC50M Avon PC50 Air Purifying Respirator, Md

No. AVPC50L Avon PC50 Air Purifying Respirator, Lg

Avon CBRN Filter

When combined with the Avon AVC50 series mask, the AVCBRNCF50 filter canister protects the face, eyes and gastrointestinal tract of the wearer against known chemical and biological agents in aerosol, liquid and vapor form including: **Nerve Agents** ("G" Series, "V" Series); **Blister Agents** (Mustard, Lewisite (Any thickened form of agent)); **Blood Agents** (Hydrogen Cyanide, Cyanogen Chloride); **Riot Control Agents** (CS, CN, OC-Pepper Spray). Fits the AVC50 series mask only.

No. AVCBRNCF50 Avon CBRN Filter, 1 each

Avon Riot Agent Filter

A low profile combination filter containing a pleated high efficiency filter element. Specifically designed for removal of riot control agents and tear gases including CS, CN and OC pepper spray. Fits both the AVC50 & AVPC50 series masks.

No. AVCTC50 Avon Riot Agent Filter, 1 each

Vector Hard Knuckle Riot Control Gloves

Protect your hands with our Riot Control Gloves. The knuckles are made of molded hard shell Carbon-Tek to deflect blows and debris. Reinforced palms and double reinforced stitching add extra durability. Available in sizes small to 2XL.

No. CRT50S Vector Hard Knuckle Riot Control Gloves, sm

No. CRT50M Vector Hard Knuckle Riot Control Gloves, md

No. CRT50L Vector Hard Knuckle Riot Control Gloves, lg

No. CRT50XL Vector Hard Knuckle Riot Control Gloves, XL

No. CRT502XL Vector Hard Knuckle Riot Control Gloves, 2XL

Protection: Ballistic-Rated Equipment

Ballistic Helmets

As the highest-rated protection, we offer Tactical Ballistic Helmet (TBH-III A) systems.

Features:

- Shell made of a monolithic composite of Woven Aramid
- Balance of coverage and weight offers protection against handgun, fragmentation, blunt force trauma, compression and environmental threats
- Tested to meet NIJ standards and Gentex performance specifications.

Available in black, mid-cut, right-eye and left-eye dominant, and in small, medium, large, and XL

No. GNTXTBH3ASM	Gentex TBHIII A Ballistic Helmet, sm
No. GNTXTBH3AMD	Gentex TBHIII A Ballistic Helmet, md
No. GNTXTBH3ALG	Gentex TBHIII A Ballistic Helmet, lg
No. GNTXTBH3AXL	Gentex TBHIII A Ballistic Helmet, XL

Ballistic Plates

We offer 10" x 12" Level III plates that fit perfectly in TacCommander's MOLLE chest and back systems. These single curve ballistics plates are ergonomically designed for comfort and protection against the following ammunition:

- 5.56 x 45 55gr Ball (M193)
- 7.62 x 51 149gr FMJ (M80)
- 7.62 x 63 JSP
- 7.62 x 54R LPS
- 7.62 x 39 Ball

Available only with the purchase of a TacCommander™ tactical suit.

or call us at +1.919.554.2244.

Safety: First Aid

First Aid

Riot & crowd control incidents can be dangerous. Injuries can happen quickly and without warning. Be prepared to address injuries and triage until they can receive full medical attention. There are many different names for them: First Aid Kit, Trauma Kit, or Medical Bag. We're here to guide you to the one you need.

Platoon First Aid Kit

Our best-seller is a great "starter" kit to address minor injuries and fits perfectly on the Tac Commander™ MOLLE system. It comes in a pouch and includes bandage gauze, antiseptic wipes, gloves, pain reliever, first aid cream, and tweezers. It also has an instant ice pack for emergency pain. The perfect addition to your TacCommander™ gear.

No. EFA181

Platoon First Aid Kit

Rapid Response Bag

This kit is compact and light and the most robust of our best-selling kits. Having it ensures that you can treat a broad range of injuries at any moment in a convenient, yet thorough manner. Originally, it was custom designed for Elite military units to use in their daily field operations and because of its contents and its light weight, it's become popular across many professions.

No. EFA143

Rapid Response Bag

Military IFAK

This individual first aid kit is perfect for one person (hence, its name) or it can be used to treat an injured partner. It's the perfect kit for individuals who have to face tense situations and might sustain minor injuries. These same kits were issued to the United States Air Force in Iraq and are still used today by several state and federal government agencies.

No. EFA187

Military IFAK

Tactical Trauma Kit #1

This kit was designed by former paramedics to be used by those who may find themselves in the line of fire. It can attach to a 5" wide belt.

No. EFA142

Tactical Trauma Kit #1

M-3 Medic Bag

This first aid kit folds out three ways for quick access to all supplies.

No. EFA108

M-3 Medic Bag

Tactical Trauma Kit #3

This first aid kit is an ergonomic backpack and one of our more robust first aid kits.

No. EFA138

Tactical Trauma Kit #3

STOMP Medical Kit

An ideal kit to keep in a jump raid van or special operation vehicle. With a wide variety of contents, the bag has over three hundred items stored in compartments for easy access.

No. EFA140

STOMP Medical Kit

BioShield Decontamination Spray

Recover and protect yourself from accidental discharge, gas blowback and assault from OC Pepper and CN Tear Gas Sprays with BioShield. It's a non-toxic decontaminant that uses natural herbal ingredients to neutralize the effects of OC Pepper, CS, CN and other tear gas agents.

No. BSP4

BioShield Spray, 4 oz. bottle

No. BSP16

BioShield Spray, 16 oz. bottle

Paladin Light HERO Kit

Perfect for tactical officers, the HERO kit is quickly deployable and has up to 10,000 lumens. Its RIOT mode is a blinding strobe effect that will disorient subjects in an emergency situation.

No. PLH1000

Paladin Light HERO Kit

ClearGear™ Cleaner Spray

Stay safe with this disinfecting and deodorizing spray. It kills MRSA, Staph, Strep and eliminates Odors on Gear such as vests, tactical gear, and body armor, as well as in correctional facilities, training centers, squad cars and vehicles.

No. CG1219004 ClearGear Cleaner Spray, 4 oz. bottle

No. CG1219008 ClearGear Cleaner Spray, 8 oz. bottle

No. CG1219024 ClearGear Cleaner Spray, 24 oz. bottle

No. CG1219128 ClearGear Cleaner Spray, 1 gallon

Cobra Cuffs

Nylon zip tie type restraints can crack under duress. Our double-lock rubber-based restraint is almost impossible to break, increasing officer safety. It also reduces officer liability by preventing accidental over-tightening. Available in black, white, green, tan, and glow white; in 6-pack and 100 packs.

No. CC250B6 Cobra Cuffs, black, 6-pack

No. CC250B100 Cobra Cuffs, black, 100-pack

No. CC250W6 Cobra Cuffs, white, 6-pack

No. CC250W100 Cobra Cuffs, white, 100-pack

No. CC250G6 Cobra Cuffs, green, 6-pack

No. CC250G100 Cobra Cuffs, green, 100-pack

No. CC250T6 Cobra Cuffs, tan, 6-pack

No. CC250T100 Cobra Cuffs, tan, 100-pack

No. CC250GL6 Cobra Cuffs, glow white, 6-pack

No. CC250GL100 Cobra Cuffs, glow white, 100-pack

Spit Sock Hood

Spit Sock Hood was designed to fulfill a need that has long posed a problem for law enforcement personnel. The simple threat of spit is a fact that officials cannot prevent but have come to accept. With consultation and advice from Law enforcement, EMT, Military officials and Hospital personnel, Spit Sock was created to prohibit the transfer of saliva.

No. SSH05 Spit Sock Hood, 5-pack

No. SSH100 Spit Sock Hood, 100-pack

Rapid Deployment Vehicles

Sirchie Vehicles

Purchasing vehicles and other capital items for your department can be a long, complex process where the utmost care and attention to detail must be taken. Our Sirchie Vehicle Team is ready to listen to your needs, guide you through the process from beginning to end, and deliver a custom high-quality solution.

Get the Jump on Your Targets with Sirchie Rapid Deployment Vehicles

Departments around the world use Sirchie Rapid Deployment Vehicles to get their teams and equipment safely to the scene and get a jump on dangerous targets. We design vehicles with comfortable interiors to transport teams, storage compartments for tactical gear, and easy exit via rear step bumpers.

Rapid Deployment Vehicle Platforms include:

- Ford E450 trucks, Ford Transit vans

Popular Features and Options:

- Durable diamond plate finish bench seats with built-in storage underneath
- Heavy duty, no slip industrial rubber flooring
- Tactical red/white lighting
- Dark tint windows with removable black out pads
- Perimeter camera system with bulkhead mounted monitor
- Exterior Storage
- Secured seating
- Heavy duty removable step
- Discreet emergency lighting, grill, and marker lamps for missions that require the element of surprise

SWAT Vehicles

Command Every Scene™ with Sirchie SWAT Vehicles

SWAT missions involve high-energy, dangerous scenes where your team needs to focus on their targets. Sirchie SWAT vehicles are designed to get your team and their equipment safely and efficiently to the incident. Comfortable interiors and efficient placement of technology and equipment allows your team to discuss strategy and prepare with precision while in transit. Depending on your needs, our larger SWAT vehicles provide floor plans and working areas that are expansive and can be equipped as secondary command posts to extend vehicle use.

Popular SWAT Platforms:

- Ford E450, F550, F650 trucks, & Ford Transit vans
- Freightliner trucks

Popular Features and Options:

- Locking ammo storage cabinet
- Custom weapons storage applications
- Individual team lockers for personal gear
- General turnout lockers for storage of bunkers and shields
- Red/white tactical LED lighting
- Durable FRP panel walls and ceiling
- Operations desk/chair
- Overhead cabinetry for small items
- Climate controlled interior
- Additional storage under bench seats
- Onboard generator fueled directly from vehicle fuel tank
- And more

Any Mission You Have in a Trailer

Trailers

Get more flexibility with trailers! A trailer platform gives you workspace without having to purchase a new vehicle. Trailers have lower costs long term compared to the cost of a chassis and they're ideal as a multi-agency piece of equipment.

Built to meet your exacting needs, we offer a variety of lengths, 10 feet to 53 feet, with full customization inside. Anything we've built as a truck, we can design as a trailer: evidence collection/mobile crime labs, **rapid deployment, bomb response, hostage negotiation, mobile command**, and more. Additionally, we can upgrade, refurbish or repurpose any existing trailer.

Popular Features and Options:

- Interior and exterior lighting
- Gas or diesel generators
- Climate control systems
- Perimeter cameras and video systems
- Awnings
- Variety of interior finishing options are available for customization

Ideal for Mobile Command, Search & Recovery, and Bomb Response teams. A trailer's low deck height makes for easy entry and exiting.

Prisoner Transport Vehicles

Maximize Safety while Transporting Prisoners with Sirchie Prisoner Transport Solutions

Transporting prisoners can be a dangerous mission. We enhance the safety of your officers by delivering turnkey prisoner transport solutions that keep your prisoners secure with locking interior doors and seat belt systems. We offer either two section or three section (with a side-entry maximum security chamber) interiors. Video Camera packages are a popular option today with two, three, or four cameras to enhance officer safety.

Prisoner Transport Platforms include:

- Vans: Chevy Express, Ford Transit
- Trucks: Low-profile for tight sally ports

Popular Features and Options:

- Preventative design measures against airborne pathogens to officers
- Fold-down rear steps to accommodate leg shackles
- Lockable exterior storage for prisoner property bags
- Lockable inner security doors
- Video Monitoring packages

Additional Solutions for Prisoner Transport:

- Video Monitoring Packages that can be installed in existing department vehicles. Available in 2, 3, or 4 camera packages.

Backup Camera System

Video Monitoring System

Custom Built Switch Console

Mobile Command Vehicles

Versatile Mobile Command Vehicles that Help You Command Every Scene™

Situations, scenes, and events require a commanding presence. Sirchie Mobile Command Vehicles provide the space and modern technology you need to execute your mission. With decades of experience and expertise, our team will listen to your needs and deliver the right solution to meet your specifications with an optimized layout and technology.

Popular Features and Options include:

Interior:

- Communications and computer systems (whether department-provided or sourced through Sirchie)
 - VSAT satellite, VOIP radio, land-line phone accommodations and cellular systems
 - Satellite Television
 - Exterior video monitoring systems
- Comfort and space
 - Conference area with removable conference tables
 - Radio operator positions
 - On-board galley with sink and refrigerator
 - Complete climate control
 - Motorized bumpouts to increase space

Exterior:

- Exterior lighting
- Telescopic masts with long range video systems
- Video cameras
- Awnings
- Rooftop observation desks

Vehicle Platforms:

- Popular E450, F550, F650, and Freightliner options
- Four-wheel drive and heavy-duty chassis options for rough terrain or inclement weather

Mobile Command Vehicles often serve multiple purposes. We create versatile vehicles that can be used as combination Mobile Command/Crime Lab, Cyber Crimes, Communications, Hostage Negotiation, SWAT, and much more. Let's talk about your needs today.

Vehicle Upgrades & Refurbishing

Give Your Existing Vehicle New Life!

Whether you have a seized vehicle that you would like to repurpose or a department vehicle with low mileage, high usage, we have the expertise and experience to breathe new life into your valuable vehicle assets.

With hundreds of projects completed, our team of skilled mechanics and tradesmen can perform expert updates to the interior and/or exterior of your vehicle. We will deliver the right solution and make it a simple, pain-free process for you. We have reconfigured evidence collection, surveillance vehicles, mobile command vehicles, hostage negotiation, alcohol enforcement vehicles, and much more.

Technology Updates. Outdated technology can hold you back. We will upgrade your technology and configure your space to maximize your efficiency and comfort.

Exterior Upgrades. Technology, storage, accessories, lighting, cameras, rooftop observation decks, awnings, and more. We deliver whatever you need on the exterior of your vehicle to maximize the use of this real estate.

Keeping your personnel safe so they can Command Every Scene®

As the opioid epidemic grows and becomes more dangerous to law enforcement and first responders, our goal is to make you as safe as possible.

NARKsafe™ solutions are designed to help keep you and your team safe while handling, packaging, transporting, testing, and storing potential fentanyl, carfentanil, acetyl-fentanyl, and other dangerous substances.
