

Narcotics Investigation

Narcotics Investigation Safety

As the opioid epidemic grows and becomes more dangerous to law enforcement and first responders, our goal is to make you as safe as possible. We've reviewed the Drug Enforcement Administration (DEA) and the Centers for Disease Control (CDC) guidelines for handling fentanyl, carfentanil and acetyl-fentanyl.

Building from guidelines offered by the Drug Enforcement Administration (DEA), the Centers for Disease Control (CDC), and the manufacturers of pharmaceutical fentanyl, we offer solutions under our NARKsafe™ product line.

NARKsafe™ solutions are designed to help keep you and your team safe while handling, packaging, transporting, testing, and storing potential fentanyl, carfentanil, acetyl-fentanyl, and other dangerous substances.

For more information about these guidelines, please see:

- Fentanyl: A Briefing Guide for First Responders, DEA https://www.dea.gov/druginfo/Fentanyl_BriefingGuideforFirstResponders_June2017.pdf
- Fentanyl: Preventing Occupational Exposure to Emergency Responders, CDC <https://www.cdc.gov/niosh/topics/fentanyl/default.html>

Fentanyl Facts:

- Fentanyl is a synthetic opioid developed as pain management treatment
- 50 to 100 times more potent than morphine and 25 to 40 times more potent than heroin
- Appearance: usually white powder similar to methamphetamine and cocaine
- Fentanyl is a Schedule II substance (Heroin is Schedule I)
- Attractive to drug abusers due to its intense high
- Street names: China Girl, China White, Goodfella, Apache, TNT, Tango & Cash, Dance Fever, Jackpot
- Trade Names: Actiq®, Fentora™, Duragesic®, Sublimaze®
- Clandestinely produced and either cut into heroin or mixed with other adulterants and sold as heroin
- Signs of opioid overdose: pinpoint pupils, respiratory depression and unconsciousness
- Antidote: Narcan (Naloxone) availability: <https://www.bjatraining.org/tools/naloxone/Naloxone-Background>

Carfentanil Facts:

- 100 times more powerful than fentanyl
- Medically used to sedate large animals such as buffalo and elephants
- Two milligrams of carfentanil can sedate a 2,000 pound African elephant

NARK Single-Use Powder Substance Packaging, Transport, Testing Kit

Following DEA and CDC guidelines, we developed this one-time use PPE Kit to be used specifically around powdery substances that could contain fentanyl, carfentanil, or other powerful opioid-based substances.

See Page 4 for details!

Fentanyl Reagent

Fentanyl Reagent presumptive test is designed to identify either Fentanyl or Acetyl-fentanyl which is commonly cut into Heroin or sold as a stand alone substance. Fentanyl is a fully synthetic opiate that falls under Schedule II in the Controlled Substance Act.

See Page 17 for details!

NARKsafe™ Illicit Substance Testing Workstation

NARKsafe™ fume hood enclosures are ideal for protecting professionals during the forensic analysis of fentanyl and other dangerous substances.

See Page 7 for details!

NARKsafe™ Protection & Packaging

NARK Single-Use Powder Substance Packaging, Transport, Testing Kit

Any powdery substance encountered on the street should be considered dangerous. Law enforcement needs to proceed with caution while handling, transporting, and testing these substances.

Following DEA and CDC guidelines, we developed this one-time use PPE Kit to be used specifically around powdery substances that could contain fentanyl, carfentanil, or other powerful opioid-based substances.

Kit contains: coveralls; P-100 respirator; two pair of nitrile gloves; goggles; evidence bag; a biohazard bag; and donning/doffing instruction card.

No. NARK300PPE NARK Single-Use Powder Substance Kit **\$29.95**

Disposable P100 Respirator Mask

This Respirator offers the highest level of NIOSH rated filtration efficiency in a maintenance-free respirator. It features a 3M™ Cool Flow™ Exhalation Valve, a faceséal, adjustable noseclip, lightweight construction and an all filter design. Sold individually. Meets 42 CFR84 standard.

No. NARK300P100R Disposable P100 Respirator Mask **\$9.95**

Chemical Splash Goggles

Protect your eyes from chemicals in the lab. Full coverage goggles fit over regular eye glasses.

No. CSG1001 Chemical Splash Goggles **\$3.97**

Black Powder-Free Nitrile Gloves

These comfortable, ambidextrous nitrile gloves provide extra puncture and abrasion resistance. Always use nitrile gloves while working with illicit substances and NARK presumptive drug kits.

No. SF0081S Black, Powder-Free, Sm, 100 ea. **\$19.52**

No. SF0081M Black, Powder-Free, Md, 100 ea. **\$19.52**

No. SF0081L Black, Powder-Free, Lg, 100 ea. **\$19.52**

No. SF0081XL Black, Powder-Free, XL, 100 ea. **\$19.52**

Long Cuff Nitrile Gloves

These long cuff, powder-free, durable, 8 mil nitrile gloves provide extra thickness for added protection. Perfect for tough jobs where extra durability or safety is needed. Meets NFPA standards for MES workers and provides protection against bloodborne pathogens.

No. SF00871 Long Cuff Nitrile Gloves, Sm, 50 ea. **\$13.95**

No. SF00872 Long Cuff Nitrile Gloves, Md, 50 ea. **\$13.95**

No. SF00873 Long Cuff Nitrile Gloves, Lg, 50 ea. **\$13.95**

No. SF00874 Long Cuff Nitrile Gloves, XL, 50 ea. **\$13.95**

No. SF00875 Long Cuff Nitrile Gloves, 2XL, 50 ea. **\$13.95**

Micromax® NS Boot Covers

Breathable for comfort, they remain strong whether they're wet or dry.

No. BC17SM Boot Covers, Elastic Top, Sm/Md, pair **\$1.95**

No. BC17LXL Boot Covers, Elastic Top, L/XL, pair **\$1.95**

No. BC172XL Boot Covers, Elastic Top, 2XL, pair **\$1.95**

NARKsafe™ Protection & Packaging

Micromax® NS Coveralls

According to the Drug Enforcement Agency (DEA) and Centers for Disease Control (CDC), a full coverall with hood is recommended for handling dangerous illicit substances. Below are our most popular sizes. You can find our full size availability on page 10.

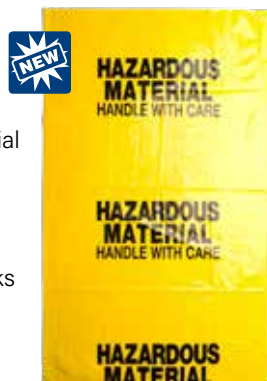

Often bought with:
Micromax NS
Shoe & Boot Covers

No. MMH300M	Coveralls, Zipper, Attached Hood, Elastic Wrist & Ankle, Md	\$10.04
No. MMH300L	Coveralls, Zipper, Attached Hood, Elastic Wrist & Ankle, L	\$10.04
No. MMH300XL	Coveralls, Zipper, Attached Hood, Elastic Wrist & Ankle, XL	\$10.04
No. MMH3002XL	Coveralls, Zipper, Attached Hood, Elastic Wrist & Ankle, 2XL	\$10.04

Disposable Hazardous Material Bags

Properly dispose of your used personal PPE in our 18" x 30 1/2" hazardous material bags: easily identifiable by its bright yellow color. Always dispose of any hazardous waste according to Federal, state, and local regulations. Sold in packs of 10 bags each.

No. NARK300HQB	Disposable Hazard Bags, 18" x 30 1/2", 10 ea.	\$22.95
-----------------------	---	---------

NARKsafe™ Packaging Kits

We've put together evidence packaging kits for suspected dangerous substances which include: five (5) Keepsafe Poly Evidence Integrity Bags; five (5) zip-top bags; and five (10) "Danger: Suspect Fentanyl" labels to warn officials handling the bags. Three kit sizes are available: select the large size for packaging over-sized evidence.

No. NARK300PKG01	Narksafe Packaging Kit 5-pack, sm	\$4.95
No. NARK300PKG02	Narksafe Packaging Kit 5-pack, md	\$5.95
No. NARK300PKG03	Narksafe Packaging Kit 5-pack, lg	\$6.95

Keepsafe Poly Evidence Bags

These bags feature a high degree of security: once closed, unauthorized attempts to break the seal will cause "STOP" signs to appear in the orange strips of the tape. Also includes a tear-away tab for evidence tracking.

No. KSB610C	Keepsafe Bags, 6" x 10 1/4", 100 ea.	\$41.15
No. KSB1013C	Keepsafe Bags, 10" x 13", 100 ea.	\$51.45
No. KSB1216C	Keepsafe Bags, 12 x 16 7/8", 100 ea.	\$61.75

Write-Block Zip-Top Evidence Bag

These zip-top bags are made of 0.004" thick polyethylene and feature a write-on block for easy labeling of contents.

No. ZWB02	Zip-Top Write Block Evidence Bag, 9" x 12", 100 ea.	\$26.73
------------------	---	---------

Sharpstube™ Syringe Transport Tubes

Designed to hold a hypodermic syringe for transportation, these tubes are well-marked with bright orange-red international biohazard markings.

No. ECT2	Syringe Transport Tube, 12 ea.	\$22.95
-----------------	--------------------------------	---------

Fentanyl Warning Labels

These attention-getting labels are printed in full color on durable crack-n-peel material, and measure 2.875" x 3.75".

No. NARK300FENL	Fentanyl Warning Labels, 100/pk	\$5.95
------------------------	---------------------------------	--------

NARKsafe™ Protection & Packaging

Liquid Sampling Kits

Many protocols for the collection, transport, and storage of hazardous substances, including those often found at clandestine meth labs, recommend or require placing the substance in a glass jar and then placing the jar inside a Nalgene® jar. The use of leak proof glass and Nalgene® jars helps to enhance the safety of all personnel and preserve the evidence. Each of the Sirchie Liquid Sampling Kits is designed to have a glass jar that fits perfectly into a Nalgene® jar with pipettes for collection of the substance.

30ml Liquid Sampling Kit

This kit includes 30ml Nalgene® Bottles (12 each), 4ml Glass Vials (12 each), and Disposable Pipettes (12 each).

No. LSK100 **30ml Liquid Sampling Kit** **\$44.95**

60ml Liquid Sampling Kit

This kit includes 60ml Nalgene® Bottles (12 each), 12ml Glass Vials (12 each), and Disposable Pipettes (12 each).

No. LSK200 **60ml Liquid Sampling Kit** **\$52.63**

125ml Liquid Sampling Kit

This kit includes 125ml Nalgene® Bottles (12 each), 16ml Glass Vials (12 each), and Disposable Pipettes (12 each).

No. LSK300 **125ml Liquid Sampling Kit** **\$53.72**

250ml Liquid Sampling Kit

This kit includes 250ml Nalgene® Bottles (12 each), 30ml Glass Vials (12 each), and Disposable Pipettes (12 each).

No. LSK400 **250ml Liquid Sampling Kit** **\$67.95**

Disposable Liquid Sampling Pipettes

Use these disposable pipettes for sampling unknown liquids. Store collected liquids in glass vials placed inside Nalgene bottles.

No. PIP25 **Disposable Liquid Sampling Pipettes, 25 ea.** **\$2.50**

Translucent Nalgene® Bottles

You have the option to get the wide-mouth Nalgene® bottles separately.

No. NAJAR0001 **Translucent Nalgene® Bottles, 30ml, 12 ea.** **\$15.84**

No. NAJAR0002 **Translucent Nalgene® Bottles, 60ml, 12 ea.** **\$17.43**

No. NAJAR0004 **Translucent Nalgene® Bottles, 125ml, 12 ea.** **\$19.93**

No. NAJAR0008 **Translucent Nalgene® Bottles, 250ml, 12 ea.** **\$27.91**

No. NAJAR0016 **Translucent Nalgene® Bottles, 500ml, 12 ea.** **\$41.17**

No. NAJAR0032 **Translucent Nalgene® Bottles, 1 liter, 6 ea.** **\$41.11**

Amber Nalgene® Lab Quality Bottles

Store, ship and package light-sensitive liquid using these narrow-mouth Amber HDPE lab quality Nalgene® bottles. Featuring excellent chemical resistance to most acids, bases, and alcohols.

No. NABOT9125 **Amber Nalgene® Bottles, 4ml, 332 ea.** **\$273.93**

No. NABOT9025 **Amber Nalgene® Bottles, 8ml, 12 ea.** **\$20.86**

No. NABOT9050 **Amber Nalgene® Bottles, 15ml, 150 ea.** **\$129.01**

No. NABOT0001 **Amber Nalgene® Bottles, 30ml, 12 ea.** **\$41.46**

No. NABOT0002 **Amber Nalgene® Bottles, 60ml, 12 ea.** **\$43.78**

No. NABOT0004 **Amber Nalgene® Bottles, 125ml, 12 ea.** **\$52.79**

No. NABOT0008 **Amber Nalgene® Bottles, 250ml, 12 ea.** **\$71.33**

No. NABOT0016 **Amber Nalgene® Bottles, 500ml, 12 ea.** **\$105.32**

No. NABOT0032 **Amber Nalgene® Bottles, 1 liter, 6 ea.** **\$88.53**

No. NABOT0010 **Amber Nalgene® Bottles, 1 gal, 1 ea.** **\$47.33**

NARKsafe™ Testing Workstation

NARKsafe™ Illicit Substance Testing Workstation

Fentanyl-related deaths are increasing as the opioid epidemic increases worldwide. Fentanyl is deadly if swallowed, inhaled, or absorbed through the skin, so being protected when handling suspected substances is paramount. NARKsafe™ fume hood enclosures are ideal for protecting professionals during the forensic analysis of fentanyl and other dangerous substances. Only this system offers a turbulence-free, horizontal laminar airflow with dual HEPA filtration.

NARKsafe™ enclosure provides a negative pressure environment to pull any particulate away from the operator and eliminate end-user exposure. It also allows for the addition of a bonded carbon filter, so analysis of other chemical solutions or marijuana exhibits can be safely handled in the same workspace. Available in three widths: 36", 48", 72".

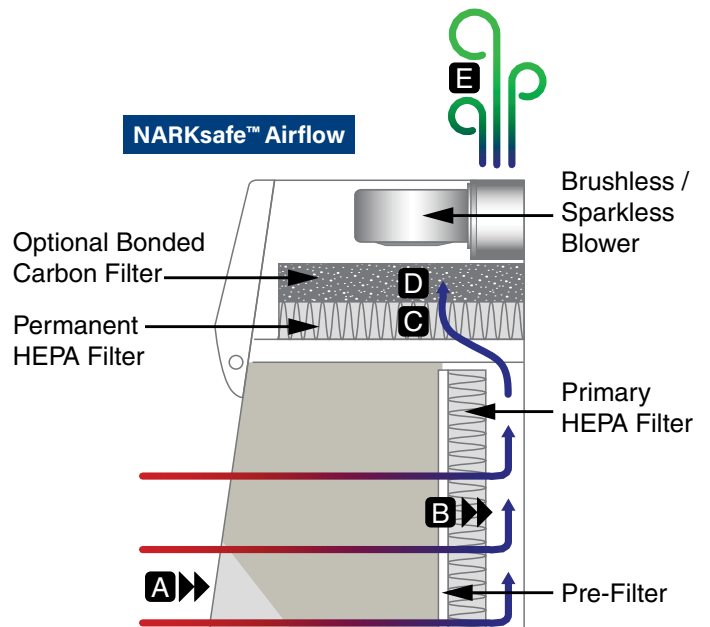

Why NARKsafe™ is the only enclosure to use when testing illicit substances:

- Horizontal laminar airflow pattern
- Dual HEPA filtration
- HEPA filters with 99.997% efficiency rating for collecting 0.3-micron particles
- Electrostatically charged pre-filter to collect larger particulate and minimize clogging of the HEPA filter
- ASHRAE 110 testing adjustable face velocity
- Ability to replace contaminated filters under negative pressure.
- Blue flooring to see substances clearly when testing

i When testing illicit substances and changing filters, the operator should always follow Drug Enforcement Administration (DEA) and the Centers for Disease Control (CDC) guidelines for handling fentanyl, carfentanil and acetyl-fentanyl.

NARKsafe™ Airflow

No. ACDD760	NARKsafe™ 36" Powder Safety Workstation, 110V AC w/prefilter, carbon filter & HEPA filters	Call for Price
No. ACDD760220	NARKsafe™ 36" Powder Safety Workstation, 220V AC w/prefilter, carbon filter & HEPA filters	Call for Price

Personal Protection

Masks, Respirators, and Facial Protection

Half Mask Particulate Respirators

This is an all-around good mask for investigators and something to always have on hand before entering a crime scene. Different filters can provide different levels of protection:

- Get protection against particulate and airborne pathogens with the High-Efficiency P100 filter.
- Get protection against dust, mists and fumes with the R95 filter.

Often bought with:
P100 Filters, 25 ea.
(SF0034HR),
R95 Filters, 25 ea.
(SF0034DR)

No. SF0034H	Half Mask w/(5 ea.) P100 Filters	\$99.77
No. SF0034D	Half Mask w/(5 ea.) R95 Filters	\$94.97

Multi-Purpose Half Mask Regulator

This versatile mask is comfortable and useful for many different situations with three filter choices. Soft silicone fits around the nose while hard plastic ensures a leak-resistant fit. Filters will protect against almost all decaying matter and hazardous vapors.

No. PU0011

No. PU0012

No. PU0013

No. PU0010	Multi-Purpose Half Mask (no filters)	\$41.15
No. PU0011	Organic Vapor/Acid Gas Filters, 2 ea.	\$20.55
No. PU0012	P100 Filters (99.7% or airbourne particles), 2 ea.	\$16.84
No. PU0013	Organic Vapor/ P100 Filters, 2 ea.	\$36.00

Chemical Splash Face Protector

This shield protects the face and eyes from splashed or sprayed chemicals. Shield flips up when not needed.

No. CSFP100	Chemical Splash Face Protector	\$38.99
-------------	--------------------------------	---------

Personal Protection

Chemical Splash Goggles

Protect your eyes from chemicals in the lab. Full coverage goggles fit over regular eye glasses.

No. CSG1001

Chemical Splash Goggles

\$3.97

Jumpsuits and Coveralls

Tyvek® Protection Suits

Each suit is made of Tyvek® fabric, which is resistant to snags, tears, punctures, and many chemicals. Roomy and comfortable.

- Disposable Jumpsuit with Hood. Available in Medium to XX-Large
- Personal Protection Coveralls feature shoe covers for head to toe coverage. Available in Large-XX-Large.

Tychem® Coverall Jumpsuits

Wear these protective jumpsuits when hazardous materials must be handled.

- Made from DuPont's Tychem® material, it's quality coated with polyethylene, giving it Level B protection against accidental spills, sprays, splashes of acids or bases, and many other chemicals.
- These jumpsuits are also ideal for clandestine drug labs or fire scenes.
- Available in sizes Medium to XX-Large, with hood and attached boots, or without.

No. SF0072M	Tyvek® Jumpsuit w/hood, Md	\$11.43
No. SF0072	Tyvek® Jumpsuit w/hood, Lg	\$11.43

Protective Clothing Kits

Protective Clothing Outfit No. 1

Protect yourself and your clothing from harmful materials with these disposable PPE. Includes jumpsuits, shoe covers, masks, and gloves.

No. SPC100	Protective Clothing Outfit No. 1	\$143.12
------------	----------------------------------	----------

Protective Clothing Outfit No. 2

In addition to the disposable PPE in outfit No. 1, our No. 2 has our Anti-Putrefaction Mask with two pair of replacement filters.

No. SPC200A	Protective Clothing Outfit No. 2	\$211.10
-------------	----------------------------------	----------

Personal Protection

Gloves

Officials should always wear gloves when in a scene or handling an unknown substance. Ideally, you should be double-gloved in most situations. **The DEA and the CDC recommend nitrile gloves because latex gloves are porous and could expose you to substances.**

Black Powder-Free Nitrile Gloves

These thin, comfortable, ambidextrous nitrile gloves provide extra puncture and abrasion resistance. Always use nitrile gloves while working with illicit substances and NARK presumptive drug kits.

No. SF0081S	Black, Powder-Free, Sm, 100 ea.	\$19.52
No. SF0081M	Black, Powder-Free, Md, 100 ea.	\$19.52
No. SF0081L	Black, Powder-Free, Lg, 100 ea.	\$19.52
No. SF0081XL	Black, Powder-Free, XL, 100 ea.	\$19.52

Blue Powder-Free Nitrile Gloves

These blue, powder-free, nitrile gloves provide extra puncture and abrasion resistance over latex. Sold in boxes of 100 ambidextrous gloves.

No. SF00851	Blue Powder-Free Nitrile Gloves, Sm, 100 ea.	\$19.52
No. SF00852	Blue Powder-Free Nitrile Gloves, Md, 100 ea.	\$19.52
No. SF00853	Blue Powder-Free Nitrile Gloves, Lg, 100 ea.	\$19.52
No. SF00854	Blue Powder-Free Nitrile Gloves, XL, 100 ea.	\$19.52

Sterile Nitrile Gloves

These long, sterile nitrile gloves are powder-free, minimizing the potential for powder-related complications and come in sterile, sealed pairs.

- The purple color differentiates it from other gloves
- Approved for medical use, 510K
- 9.5 inches long and available small to large

No. SF0084S	Sterile Nitrile Gloves, Sm, 50 sealed pairs	\$94.97
No. SF0084M	Sterile Nitrile Gloves, Md, 50 sealed pairs	\$94.97
No. SF0084L	Sterile Nitrile Gloves, Lg, 50 sealed pairs	\$94.97

Long Cuff Nitrile Gloves

These long cuff, powder-free, durable, 8 mil nitrile gloves provide extra thickness for added protection. Perfect for tough jobs where extra durability or safety is needed. Meets NFPA standards for MES workers and provides protection against bloodborne pathogens. Available in five sizes, and come 50 each per box.

No. SF00871	Long Cuff Nitrile Gloves, Sm, 50 ea.	\$13.95
No. SF00872	Long Cuff Nitrile Gloves, Md, 50 ea.	\$13.95
No. SF00873	Long Cuff Nitrile Gloves, Lg, 50 ea.	\$13.95
No. SF00874	Long Cuff Nitrile Gloves, XL, 50 ea.	\$13.95
No. SF00875	Long Cuff Nitrile Gloves, 2XL, 50 ea.	\$13.95

ResQ-Grip Nitrile Gloves

This is the ultimate in hand protection with superior grip and features our Diamond Pattern Technology. There is no comparison to the super tough nitrile compound that gives ResQ-Grip excellent abrasion resistance and protection. Available in six sizes.

No. SF79720	ResQ-Grip Nitrile Gloves, Sm, 100 ea.	\$19.52
No. SF79730	ResQ-Grip Nitrile Gloves, Md, 100 ea.	\$19.52
No. SF79740	ResQ-Grip Nitrile Gloves, Lg, 100 ea.	\$19.52
No. SF79750	ResQ-Grip Nitrile Gloves, XL, 90 ea.	\$19.52
No. SF79760	ResQ-Grip Nitrile Gloves, 2XL, 90 ea.	\$19.52
No. SF79770	ResQ-Grip Nitrile Gloves, 3XL, 90 ea.	\$19.52

Personal Protection

TurtleSkin® Duty Gloves

TurtleSkin Duty Gloves are ultra-comfortable, cut resistant, and up to four times more puncture resistant than traditional law enforcement gloves.

The patented TurtleSkin material gives you excellent safety and protection from accidental needle stick, punctures, and cuts to the palm side of the hand, fingers, and finger tips.

No. TSK006DS	TurtleSkin® Duty Gloves, Small, pair	\$42.71
No. TSK006DM	TurtleSkin® Duty Gloves, Medium, pair	\$42.71
No. TSK006DL	TurtleSkin® Duty Gloves, Large, pair	\$42.71
No. TSK006DXL	TurtleSkin® Duty Gloves, XL, pair	\$42.71
No. TSK006DXXL	TurtleSkin® Duty Gloves, 2XL, pair	\$42.71

TurtleSkin® Bravo Gloves

The TurtleSkin Bravo Glove was designed with your comfort in mind. Made with a rugged, mesh knit, the glove has good breathability and hypodermic needle puncture protection. Very lightweight, this glove is perfect for law enforcement officials in warm weather.

No. TSK009BS	TurtleSkin® Bravo Gloves, Small, pair	\$44.96
No. TSK009BM	TurtleSkin® Bravo Gloves, Medium, pair	\$44.96
No. TSK009BL	TurtleSkin® Bravo Gloves, Large, pair	\$44.96
No. TSK009BXL	TurtleSkin® Bravo Gloves, XL, pair	\$44.96
No. TSK009B2XL	TurtleSkin® Bravo Gloves, 2XL, pair	\$44.96

TurtleSkin® Alpha Gloves

The best-selling TurtleSkin Alpha Glove is cut and needlestick puncture resistant, and offers a high-level of dexterity and tactile sensitivity.

No. TSK008AS	TurtleSkin® Alpha Gloves, Small, pair	\$50.21
No. TSK008AM	TurtleSkin® Alpha Gloves, Medium, pair	\$50.21
No. TSK008AL	TurtleSkin® Alpha Gloves, Large, pair	\$50.21
No. TSK008AXL	TurtleSkin® Alpha Gloves, XL, pair	\$50.21
No. TSK008A2XL	TurtleSkin® Alpha Gloves, 2XL, pair	\$50.21

Tyvek® Sleeves

Tyvek sleeves or chemical protective sleeves can provide extra protection for wrists and arms, along with full coveralls, long cuff nitrile gloves and powder-free nitrile gloves. It's extremely important to limit any exposure when testing or handling unknown substances. Sold in pairs of 50.

No. TYVS50	Tyvek® Sleeves, 50 pair	\$59.95

Evidence Packaging & Transportation

Biohazard Evidence

Disposable Biohazard Bags

Crime scenes and lab procedures require proper disposal of hazardous materials with the appropriate biohazard bags. Our bags are easily identified by their orange-red color and biohazard symbols. Always dispose of any hazardous waste according to federal, state, and local regulations. Available in a 24" x 24" or a larger 30 1/2" x 41" bag.

No. BDB2424	Disposable Biohazard Bags, 24" x 24", 500 ea.	\$76.54
No. BDB3041	Disposable Biohazard Bags, 30 1/2" x 41", 250 ea.	\$105.52

Biohazard Adhesive-Back Bags

These bags feature a useful self-adhesive back for sealing the bag when finished or hanging the bag as you collect materials.

No. BIO910C	Biohazard Adhesive Bags, 9" x 10", 100 ea.	\$30.09
-------------	--	---------

Disposable Biohazard Bags

Properly dispose of your used personal PPE in our 18" x 30 1/2" biohazard bags: easily identifiable by its bright yellow color. Always dispose of any hazardous waste according to Federal, state, and local regulations.

No. NARK300HZB	Disposable Biohazard Bags, 18" x 30 1/2", 10 ea.	\$22.95
----------------	--	---------

Integrity Evidence Bags

No other evidence bags offer greater integrity, security, or convenience.

Our integrity evidence bags are water-resistant, tear & puncture-resistant, sequentially numbered and bar-coded. Available in sizes 4" x 7 1/2", 7 1/2" x 10 1/2", 9" x 12", 12" x 15 1/2", 5 1/2" x 15 1/2", and 22" x 33".

All IEB Bags are sequentially numbered and bar-coded

Use No. IEB2233 for packaging extra-large evidence

No. IEB4000	Integrity Evidence Bags, 4" x 7 1/2", 100 ea.	\$24.46
No. IEB4000CS	Integrity Evidence Bags, 4" x 7 1/2", 500 ea.	\$116.34
No. IEB7500	Integrity Evidence Bags, 7 1/2" x 10 1/2", 100 ea.	\$31.67
No. IEB7500CS	Integrity Evidence Bags, 7 1/2" x 10 1/2", 500 ea.	\$151.36
No. IEB9120	Integrity Evidence Bags, 9" x 12", 100 ea.	\$37.60
No. IEB9120CS	Integrity Evidence Bags, 9" x 12", 500 ea.	\$179.17
No. IEB1200	Integrity Evidence Bags, 12" x 15 1/2", 100 ea.	\$50.21
No. IEB1200CS	Integrity Evidence Bags, 12" x 15 1/2", 500 ea.	\$238.91
No. IEB1550	Integrity Evidence Bags, 5 1/2" x 15 1/2", 100 ea.	\$40.69
No. IEB1550CS	Integrity Evidence Bags, 5 1/2" x 15 1/2", 500 ea.	\$193.59
No. IEB2233	Integrity Evidence Bags, 22" x 33", 50 ea.	\$112.00

Evidence Packaging & Transportation

Kapak® Clear Heat Seal Polyester Pouches

Eliminate cross-contamination with these clear, strong, heat-sealable pouches; suitable for sharp objects and illegal or abused substances. Available in 2.5 mil and 4.5 mil and in sizes 4" x 6", 6 1/2" x 8", 8" x 9 1/2" (only 4.5mil), 8" x 12", 10" x 12", 9 1/2" x 16", 12" x 16".

Often Bought with:
(BPHS10, BPHS18) Polyester Pouch
Heat Sealers

No. K2B46C	Kapak® Polyester Pouch, 2.5 mil, 4" x 6", 100 ea.	\$18.03

Biohazard Evidence

Sharps Container

Ideal for used medical needles or other sharp medical instruments, you should have this container on hand to ensure a safe transport. Available in 1 quart.

No. SHRP32 Sharps Container, 1 qt. \$3.86

Sharps Collector

These 5.4 quart collectors have a visible full level indicator so they can be safely handled during transport

No. SHRP54 Sharps Collector, 5.4 qt. \$11.28

Sharpstube™ Syringe Transport Tubes

Designed to hold a hypodermic syringe for transportation, these tubes are well-marked with bright orange-red international biohazard markings. Sold in pack of 12 each.

No. ECT2 Syringe Transport Tube, 12 ea. \$22.95

Evidence Packaging & Transportation

Evidence Collection Tubes

Our clear evidence collection tubes will keep evidence with sharp edges visible and secure during transport.

Evidence Collection Tubes

Available in two sizes for single syringes or knives, or multiple syringes. An ethafoam stopper will immobilize the objects while they're in transport.

Often Bought with:
(SM1000) Sirchmark Evidence Integrity Tape

No. ECT1 Evidence Collection Tubes, 1 5/16" x 8", 12 ea. **\$20.55**

No. ECT3 Evidence Collection Tubes, 3" x 12", 8 ea. **\$32.95**

Telescopic Evidence Collection Tubes

These tubes have length extensions and a twist-lock mechanism that keeps the tubes in the extended position.

Often Bought with:
(SM1000) Sirchmark Evidence Integrity Tape

No. ECT4 Twist Tube, 1.26" dia. x 4 3/4 - 7 7/8" length, 12 ea. **\$23.65**

No. ECT5 Twist Tube, 2.05" dia. x 7 7/8 - 13 3/4" length, 12 ea. **\$32.75**

No. ECT6 Twist Tube, 2.56" dia. x 13 3/4 - 24 3/8" length, 12 ea. **\$57.00**

Fentanyl Warning Labels

These attention-getting labels are printed in full color on durable crack-n-peel material, and measure 2.875" x 3.75". Labels come in packs of 100 each.

No. NARK300FENL Fentanyl Warning Labels, 100/pk **\$5.95**

Evidence Integrity Tape & Strips

You should use integrity tapes during your narcotics investigation to show a chain of custody and that there hasn't been tampering with evidence. Regular use of these tapes will ensure the integrity of your investigation.

Sirchmark™ Evidence Tape

This 1 3/8" x 108ft evidence integrity tape features a matte acetate base, a quick-setting acrylic adhesive, and a dual-serrated edge. Tape with a white stripe is ideal for writing information with a ball-point pen. Comes in a handy dispenser box.

No. SM10002 Red, "Evidence", 108ft **\$14.35**

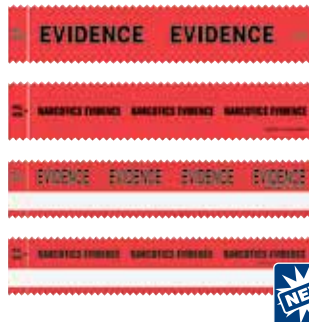

No. SM10002NE Red, "Narcotics Evidence", 108ft **\$14.35**

No. SM50002 Red/White Stripe, "Evidence", 108ft **\$14.35**

No. SM50002NE Red/White Stripe, "Narcotics Evidence", 108ft **\$14.35**

Sirchmark™ Evidence Strips

These Evidence Integrity Strips offer the same features as our Evidence Integrity tape, but are cut into 1 3/8" wide x 7" long strips.

No. SM1000SR Red, "Evidence", 100 ea. **\$13.65**

No. SM1000SNE Red, "Narcotics Evidence", 100 ea. **\$13.65**

No. SM1000SRW Red/White Stripe, "Evidence", 100 ea. **\$13.65**

No. SM1000SRWNE Red/White Stripe, "Narcotics Evidence", 100 ea. **\$13.65**

Presumptive Identification

Our NARK drug reagent kits can help trained law enforcement officers to presumptively identify several families of substances that could be abused drugs. Each of these tests is comprised of one or more chemical reagents. When a color or series of colors occurs within a specific testing sequence, a positive identification may be presumed via test. Test results should be used in addition to the other probable cause established by the officer.

Synthetic Cannabinoids Reagent

This solution identifies the "indole based formulations" of synthetic cannabinoids in a 2-step process. Indole formulas represent approximately 75% of the street substances. This test does not color react with non-indole formulations, which are less common. All substances should be sent for confirmatory testing by a forensic laboratory.

MDPV Reagent

MDPV is a synthetic cathinone configuration recognized as a Schedule 1 substance. This specific field test will presumptively identify MDPV, Butylone, Ethylone, Methylone, Naphyrone, and Pentylone. Commonly found as a white to tan powder, these substances are being marketed and sold as everyday products like bath salts, stain remover, plant food, or glass cleaner. This is the most popular chemical configuration for "bath salts" products.

Mephedrone Reagent

We recommend conducting this test after you have conducted the MDPV Reagent. This presumptive field test identifies Mephedrone, which is another substance marketed and sold as standard household substances like bath salts, stain removers, plant food, or glass cleaner.

a-PVP Reagent

a-PVP is the cathinone formulation referred to on the street as "Flakka." Marketed and sold as household substances, packages containing a-PVP are similar to other "bath salt" substances and will often show the phrase "Not for Human Consumption" on the front of the package.

2C (N-BOMe's) Reagent

The 2C family of substances are psychedelics usually based on a combination of MDMA and LSD, which can lead to extremely intense and long-lasting highs.

Fentanyl Reagent

Fentanyl Reagent presumptive test is designed to identify either Fentanyl or Acetyl-fentanyl which is commonly cut into Heroin or sold as a stand alone substance. Fentanyl is a fully synthetic opiate that falls under Schedule II in the Controlled Substance Act.

The Dangers of Fentanyl

What is it?

Fentanyl is a synthetic opiate with similar effects as heroin and morphine but 25 to 100 times stronger. It's used as an additive or sold as a substitute for heroin and it's a major contributor to a spike in overdoses across the U.S. and worldwide.

What does it look like?

It's in a powder form and the color is usually white, off-white or tan. Its appearance can change significantly if it's combined with other drugs.

Prescribed forms of fentanyl are dermal patches (skin adhesives), lollipops, or under-the-tongue strips.

Threat to first responders:

- Fentanyl can be absorbed in the body via contact with the skin.
- Deadly dose in pure form can be as small as a few grains of salt.
- Heroin and fentanyl are both water soluble. Wash hands thoroughly after any suspected exposure.

Fentanyl Facts:

- Fentanyl is a synthetic opioid developed as pain management treatment
- 50 to 100 times more potent than morphine and 25 to 40 times more potent than heroin.
- Appearance: white powder similar to methamphetamine and cocaine
- Fentanyl is a Schedule II substance (Heroin is Schedule I)
- Attractive to drug abusers due to its intense high.
- Street names: China Girl, China White, Goodfella, Apache, TNT, Tango & Cash, Dance Fever, Jackpot
- Trade Names for Pharmaceutical forms of Fentanyl: Actiq®, Fentora™, Duragesic®, Sublimaze®
- Clandestine manufacturing of fentanyl in Mexico and Acetyl-Fentanyl out of China can be either cut into heroin or mixed with other adulterants and sold as heroin.
- Signs of opioid overdose: pinpoint pupils, respiratory depression and unconsciousness
- Antidote: Narcan (Naloxone)
- Recommended PPE: nitrile gloves, respirator masks and arms covered with clothing or Tyvek sleeves when working with suspected fentanyl

Presumptive Identification

NARK II Presumptive Drug Testing Reagent Pouches

Our NARK drug identification pouches can presumptively identify several families of substances that could be abused drugs. Each of the tests is comprised of one or more chemical reagents. When a color or series of colors occurs within a specific testing sequence, a positive identification may be presumed.

Most popular reagent tests:

No.	Description	Presumptively tests for	Price
NARK2005	Duquenois-Levine Reagent, 10/box	Marijuana, Hash, Hash Oil, THC Concentrates 	\$20.55
NARK2007	Scott Reagent (Modified), 10/box	Cocaine Salts (HCl), Cocaine Base (Crack) 	\$20.55
NARK20011	Mecke's Modified Reagent, 10/box	Heroin (White, Brown, Black Tar) 	\$20.55
NARK20015	Methamphetamine/MDMA Reagent, 10/box	Methamphetamine, MDMA (Ecstasy) 	\$20.55

NARK2006	Acid Neutralizer Liquid, 1 oz bottle	\$5.41
NARK200N	Acid Neutralizer Powder, 0.5 oz. pouch, 10 ea.	\$11.28

Presumptive Identification

NAARK II Notebook and Patrol Kits

Carry the most commonly used tests with you in a protected case, keeping the glass ampoules in the pouches safe. We designed our Patrol Kit with the reagents most often encountered by patrol officers.

No. NARK12PAK	NAARK II 12-Pak Notebook Kit	\$49.83
No. NARK24PAK	NAARK II 24-Pak Notebook Kit	\$86.47
No. NARK200VC	NAARK II Patrol Kit	\$33.73

NAARK II Presumptive Drug Test Kits

Popular tests packaged in convenient kits. We offer a variety of combination field tests in rugged plastic cases from 16 to 130 individual tests. Custom kits are available.

No. NARK200CD	NAARK II Customs/Douanes Kit	\$144.15
No. NARK200MEG	NAARK II Meg Kit	\$144.15
No. NARK200PK	NAARK II Port-A-Kit	\$42.18

Mollies Drug Reagent Kit

The Mollies Kit contains 50 individual tests to help you presumptively identify substances commonly known as Mollies on the street.

No. NARK200MLE	NAARK II Mollies Drug Reagent Kit	\$144.15
----------------	-----------------------------------	----------

Master Synthetics Drug Reagent Kit

With this kit, you'll have all our reagent kits to conduct a presumptive drug identification for synthetic substances in one easy and convenient package. There's an acid neutralizer included so presumptive tests can be neutralized and you can dispose of the test according to your department protocols.

No. NARK200SYN	NAARK II Master Synthetic Drug Reagent Kit	\$297.41
----------------	--	----------

NAARK II Corrections Kit

Ideal for Corrections Officers, we developed this kit to include the presumptive drug analysis tests for substances commonly abused in prisons. To make it easier for you, we've included a chart to properly identify drugs during tests.

No. NARK200CR	NAARK II Corrections Kit	\$297.41
---------------	--------------------------	----------

NAARK II Cocaine ID Swipes

Presumptively identify cocaine with only trace amounts left on surfaces. Easy-to-use and results are immediate: the swipe will turn blue if the results are presumptively positive.

No. NS20150	NAARK II Cocaine ID Swipes	\$42.23
-------------	----------------------------	---------

Thin Layer Chromatography of Marijuana Kit

No false positives will be encountered. This is a rapid, simplified, specific test for marijuana using a laboratory technique that any officer may perform.

No. MZ020	Thin Layer Chromatography of Marijuana Kit	\$86.52
-----------	--	---------

No. MZ020A	Replacement Test, 1 ea.	\$9.98

NARK® Training: Get user certification for our NARK® Presumptive drug tests

The NARK® II system for the presumptive identification of controlled substances can be a key component to establishing probable cause. A variety of colorimetric chemical tests react with suspect substances, causing a specific color reaction for a presumptive identification. Understand false positives, the right colors and sequence, and the right techniques for our NARK® presumptive drug tests through our NARK® Training.

We offer three formats to get certification. Our online webinars will qualify officers in the proper operation of the NARK® testing system while our "Train the Trainer" class will certify an officer to conduct NARK® II User Certification for other department members or law enforcement agencies.

You have the flexibility to choose which one fits your schedule and/or your department.

For law enforcement only

Online

Our online webinars will qualify officers in the proper operation of the NARK® testing system. Students review the proper protocol for testing, including necessary documentation. Trainees will also review the origins of many controlled substances, how to visually identify some of them, and stay updated with the current trends in drug usage.

Option 1: Attend Sirchie's Monthly User Certification Webinar

Training is conducted as a one-hour online training session in a webinar format. Departments will submit a training request along with the names of officers to be trained. Trainees MUST attend during the scheduled session to receive the certificate.

To register for the next session, please submit name and email address or a list of trainees and the email that will be used to log in to the session. Each session will be open to 100 officers maximum. Registration is first come first serve.

All sessions will be held at 3pm EST. Find the schedule here and how to register here: www.sirchie.com/training

Option 2: Schedule a Private User Certification Webinar

Departments/officers who cannot attend the monthly webinar can request a private webinar training session. If you want to request a private webinar session, please email customerservice@sirchie.com. Sessions will be scheduled on a "first come first serve" basis.

These sessions require a minimum of 10 officers.

On-site

Option 3: Train the Trainer/ User Certification: We can come to you!

Train the Trainer sessions and User Certification training can be brought to your location.

- **User Certification:** A minimum of 30 officers required, either from one department or multiple departments at one location.
- **Train the Trainer:** A minimum of eight officers required, either from one department or multiple departments at one location.

This training will certify an officer to conduct NARK® II User Certification for other department members or law enforcement agencies. Students will learn about the origin of substances, their usage, and their legal status according to the DEA Controlled Substance Schedule (I-V); the entire NARK® II system and become familiar with all tests; and they will receive updates on the current drug trends as well as where they can stay updated in their area.

For one-site training sessions, the host department must provide verified samples for training, including: cocaine, methamphetamine, marijuana, and heroin.

Host department must also provide training space for at least 30 officers, overhead projector, screen, and PPE (nitrile gloves, safety glasses).

If you're interested in setting an on-site training up, please email our Training Coordinator, Patricia Hogan, at phogan@sirchie.com.

Please include number of officers to be trained and location of proposed training.

Develop every skill.
