TacCommander® Riot/Tactical/Extraction Suit

One Adjustable Suit to Fit and Protect Virtually Everyone; One Suit for Multiple Sizes

With our revolutionary adjustable design, you can now outfit and protect your entire team without the worry and hassle of sizing each individual. Designed with input from tactical officers for **every** officer, TacCommander® gives you the protection you need combined with the flexibility to maneuver easily; all at a competitive price.

ADJUSTABILITY

- Upper back/chest/torso expansion
- Adjustable Velcro Straps for lower torso, arms, and legs
- Two-piece lower torso, forearm, and shin pads for full protection
- Adjustable connectors between pads on arms and legs

MOLLE System on 45-degree angle for ergonomic, easy access of attached gear

PROTECTION

- Full torso coverage with removable front & back blunt force trauma plates
- Can accommodate up to Level III 10" x 12" ballistic plates in front & back
- Side deflector shields around neck
- Front & rear straps with reflectors to quickly remove fallen officers from danger
- Shelves on thigh plates to rest your riot shield and remain protected.

Patented hammock system in knees and elbows for shock absorption and comfort

Shelves on thigh plates to rest your riot shield

Foot protection straps around bottom of footwear to ensure an extra secure fit.
